Inquest Set Today In Death of Woman

An inquest into the death of Mrs. Dolores H. Simmons, 46, was scheduled this morning at the Lauderbach & Oehler Funeral home in Arlington Heights.

Mrs. Simmons was found Monday morning by her son, John, in her car in the garage of their home at 614 W. Sigwalt St., Arlington Heights. She was pronounced dead at Northwestern Community Hospital.

Mrs. Simmons was a resident of the village for 13 years. She is survived by her husband, Louis O. Sr.; another son, Louis O. Jr.; and his wife Donna of Arlington Heights; a sister, Mrs. Mary Dietz of Wilmette, Calif.; and a brother, William Vernon of San Francisco.

Visitors may call at the Lauderbach & Oehler Funeral home after 4 p.m. Wednesday. Services will be Thursday in the funeral home chapel.

The family requests friends may make contributions to Mrs. Simmons' name to their favorite charity.

Vandals 'Decorate' Schools

Building at Sacred Heart of Mary High School and St. Catherine's School in Rolling Meadows, were "decorated" by vandals Monday.

Rolling Meadows Police said obscene words were painted on the high school building and spray paint was used to write a phrase on the portable classroom at St. Catherine's.

Dist. 26 Meeting

The River Trails School Dist. 26 will hold its regular board meeting at 8 p.m. Tuesday at Park View School, 805 N. Lee, Mount Prospect.

Emphasis on the Individual

There will be more emphasis on individual attention under new teaching procedures adopted this fall in the Arlington Heights Public Schools of Dist. 26, at the Park Elementary School at 304 W. Park, Route Wilson Heights, but another, Mrs. Wally Wilson (mother) and Teacher Jean Valian discuss the school work for the new year.

OBITUARIES

Catherine McNicholas

Catherine McNicholas, 65, died Sunday in her home at 412 W. Park St., Arlington Heights.

A native of Kilmacough, County Mayo, Ireland, she was a housekeeper for Our Lady of the Wayside Rectory for 36 years.

She is survived by two sisters, Mrs. Mary Ives of Ireland and Beatrice McNicholas of Arlington Heights; three sons, Mrs. Bridie McKinley and Mrs. Mary Healey, both of Chicago, and Mrs. Eileen Kelly of Berwyn, N. Y.; and two nephews, Peter Ives of Chicago and Joseph Ives of Chicago.

Visitors may call at the Lauderbach & Oehler Funeral home in Arlington Heights. A mass will be offered Wednesday at 10 a.m. in Our Lady of the Wayside Church. Burial will be in St. Mary's Cemetery in Evanston.

George A. Hansen

Funeral services for George A. Hansen, 73, of 813 Bonita St., Evanston, were scheduled this afternoon in the Lauderbach & Oehler Funeral home chapel in Mount Prospect.

The Rev. Edward Schneider officiated. Burial was in St. Charles Hill Cemetery in Elmhurst.

Mr. Hansen, a retired oil field worker for the Chicago T & T Co., died Thursday in Holy Family Hospital.

He is survived by his wife, Anna; two daughters, Mrs. Virginia Kufeldt of Barrington and Mrs. Doris Schreiner of Elk Grove Village; two sons, Mrs. Florence Schreiner and Mrs. Robert Schreiner, both of Chicago; and a sister, Mrs. Mildred Sharpen of Chicago.

Henry Edgar Boecher

Henry Edgar Boecher, 55, of 416 Fairview, Mount Prospect, died Sunday in Holy Family Hospital.

He is survived by his wife, Jeanne; two daughters, Mrs. Penny Ann Stoppel of Rockford, and Mrs. Suzanne Cappel of Mount Prospect; four grandchildren; two sons, Mrs. Rose Martin and Mrs. Mary Johnson, both of Chicago; and a brother, Richard, a musician.

Visitors may call at the Lauderbach & Oehler Funeral home after 4 p.m. Wednesday. Services will be Thursday in the funeral home chapel.

Churlaine Pedersen

Mrs. Churlaine Pedersen, 88, died Sunday in her home at 701 S. Lincoln, Mount Prospect. She was a resident of the village for 11 years.

She is survived by three sons, Andrew of Mount Prospect, James of Los Angeles and Walter Kaulke, and five grandchildren.

Visitors may call at the Lauderbach & Oehler Funeral home in Mount Prospect. Services will be Wednesday at 10 a.m. in the funeral home chapel with the Rev. David Quill officiating. Burial will be in Glen Oak Cemetery.

Emma Kortman

Funeral services for Emma Kortman, 76, were scheduled this afternoon in the Lutheran Home and Service for the Aged in Arlington Heights, 1700 N. Lincoln.

The Rev. John Kempf officiated. Burial will be in Zion Lutheran Cemetery in Homewood.

Mrs. Kortman was a resident of the Lutheran Home for nine years. There are no survivors.

Glady's O. McFall

Mrs. Gladys O. McFall, 79, of 931 Willow Rd., Des Plaines, died Sunday at Evanston Hospital.

She is survived by two sons, James Newman of Des Plaines, and John Newman of Palatine; and a daughter, Mrs. Louise Vin of Des Plaines.

Visitors may call at the Lauderbach & Oehler Funeral home in Mount Prospect. Services will be Wednesday at 10 a.m. in the funeral home chapel with the Rev. David Quill officiating.

Emma Kortman

Funeral services for Emma Kortman, 76, were scheduled this afternoon in the Lutheran Home and Service for the Aged in Arlington Heights, 1700 N. Lincoln.

The Rev. John Kempf officiated. Burial will be in Zion Lutheran Cemetery in Homewood.

Mrs. Kortman was a resident of the Lutheran Home for nine years. There are no survivors.

Calling All Alpha Gammas

All Alpha Gamma Delta in the northwest area are invited to attend an evening soiree "the theme for the dinner meeting Tuesday, Sept. 5 at 7 p.m. in the Scandia House Restaurant in Mount Prospect Shopping Plaza.

The dinner meeting will mark the club's sixth year. For information call Mrs. Lawrence Barnes 448-1100.

This always group began their work for the needy Easter Seal families in August when sets of Christmas and baby clothes were collected among club members. Cards ordered help to bring wheel chairs, leg braces special shoes and equipment for crippled children. All Alpha Gammas can help by contacting Mrs. Michael Schaefer 299-1813 for Christmas card information.

Discerning improvements in the railroad depot at Arlington Heights are Mrs. Henry Egan, Mrs. Raymond Croych and Mrs. Allan Brita of the Arlington Heights Junior Women's Club and Mrs. M. Rex Harbitt from the Arlington Beautification Council.

Mrs. Raymond Crouch, president of the Arlington Heights Junior Women's Club, and Mrs. Allan Brita inspect the details of the bridge design with Wayne Crouch, assistant supervisor of bridges and buildings for the railroad.

Juniors Propose Improvements

BY MARILYN HELLERS

A group from the Arlington Heights Junior Women's Club, a representative of the Arlington Heights Beautification Council and a representative from the Chicago and Northwestern Railroad inspected the main depot to see if it is adequate for the thousands of commuters that use it.

Mrs. Henry Egan and Mrs. Allan Brita are chairman of the project for the juniors and they were accompanied on their tour by Mrs. Raymond Crouch, club president; Mrs. Jon Florio, first vice president; Mrs. M. Rex Harbitt of the Arlington Heights Beautification Council; and Wayne Crouch, assistant supervisor of bridges and buildings for the railroad. The group found the

present building unsatisfactory and, in reading reports, more rain shelter and more improvement to bring it up to the standards which they felt necessary to serve the community. The women must fight. An answer on their proposals in the railroad is expected this week.

Can you spare 10 days to learn another language?

We call this plan Total Immersion® and it goes something like this:

For 10 days you'll be the only student working with a team of teachers.

You'll start right in speaking to you in the language you're learning.

And you'll start right in not understanding a word they're saying.

But just from sheer exposure, you'll soon be uttering a few foreign words.

Then you'll progress to whole sentences.

And finally, you'll be carrying on entire conversations and speaking and thinking the language as if you'd known it your whole life.

Except you won't have spent your whole life learning it.

Engagements Announced

MISS CHRISTIAN

Mr. and Mrs. Edward Christian, of 2827 Burrwood Drive, Burrwood Lake, Arlington Heights, announce the engagement of their daughter Kathleen to Pvt. E. J. Vincent, Scavo of Melrose Park.

Miss Christian, presently employed at Stoddard Ford Heavy Shop in Mount Prospect, is a graduate of Maine West High School.

MISS SUCKOW

Dr. and Mrs. Earl E. Suckow, 617 Glendale Ln., Mount Prospect, announce the engagement of their daughter Laura to Captain A. Nelson, son of Dr. and Mrs. Clarence A. Nelson, of Minneapolis, Minn.

Miss Suckow is a senior at St. Clair College in Northfield, Minn., majoring in social psychology, and plans to do social work.

Scavo is a graduate of Proviso East and is stationed at Fort Leonard Wood, Mo. No date has been set for the wedding.

Lutheran Women Plan Workshop

A Christian Growth Workshop, sponsored by Circuit No. 5 of the Lutheran Women's Missionary League, will be held at 8 p.m. Monday, Sept. 11 in the social hall of Immanuel Lutheran Church, Des Plaines.

MRS. FOREST, sponsor

of St. Peter Lutheran Church in Arlington Heights, Christian Growth Chairman for Circuit No. 5 of LWML, is chairman for the evening.

Circuit No. 5 includes Immanuel Lutheran Church, Chicago; Roding Lutheran Church, Rolling Meadows; St. Peter Lutheran Church, Arlington Heights; St. Paul's Lutheran Church, Skokie; Trinity Lutheran Church, Skokie; St. John's Lutheran Church, Mount Prospect; Immanuel Lutheran Church, Des Plaines; and St. Andrew's Lutheran Church, Park Ridge.

NSDAR To Observe Constitution Week

Constitution Week will be honored by Ell Skinner Chapter NSDAR at a 1 p.m. meeting Sept. 7 in the Williamsburg Room of the Arlington Savings and Loan Association.

Commander, Robert J. Stein of Pick Realty Corp., Bensenville, will tell of the events leading up to the Constitutional Convention. The "real Revolution" and Declaration of Independence will be highlighted as the motivating forces which led to the first document which was to bind the 13 states in a body.

Commander Stein is a past Commanding Officer of his National Reserve Unit, having served in World War II and Korea.

Honorary are: Mrs. James Grant, Mrs. William F. Hall, and Mrs. L. M. Guntachon.

Dialogue

"They, the kids are going back to school; they've outgrown their clothes; I could use another vacation to rest up from my vacation; my bank account's low; the pollen count is high; and my wife is expecting a baby this time next month. So now you're going to write a daily column to make my day complete, is that it?"

"Well, that isn't exactly..."

"What are you going to call the column?"

"Dialogue."

"That makes a conversation, doesn't it? What are you going to do, talk to yourself?"

"Well, I hope not, you see, or 'No' as a columnist says, 'talk to many people during your vacation and a lot of the conversations are to our readers. Even our conversations are to be printed what I say and someone might even read it'."

"Sure."

"You won't mention my name, will you?"

"No, if you don't want to."

"Good. I've got another problem."

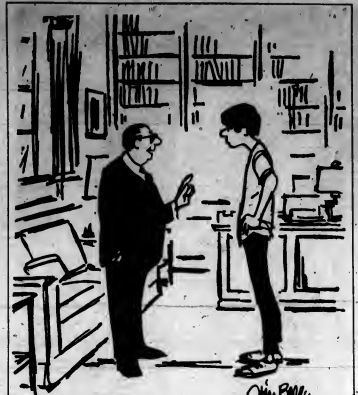

"You see, what I, or that is, we want to do is talk to you and others and report on what people really have to say about things. Take last week's new 'No' for instance."

"You mean you're going to print what I say and someone might even read it?"

"Sure."

"Oh, sorry to hear that. Well, now that the 'No' is no more, if you don't want to, I'll call it 'No' as a columnist says, 'talk to many people during your vacation and a lot of the conversations are to our readers. Even our conversations are to be printed what I say and someone might even read it'."

"No, I've got another problem. I'm not sure talking to you. I'll call it again sometime."

"You might be interested to know, Son—we, TOO, have a slogan. It goes, 'Don't trust anyone UNDER 30!'"

Legal Aide Experiment a 'Success'

The vote on a legal aide for the police department is unanimous in favor.

During the summer, Arlington Heights and the neighboring towns of Mount Prospect, Elk Grove and Wheeling have had the services of a legal aide to their police departments.

Northwestern University, under a grant from the Ford Foundation, is training and making available police department legal aides to the suburbs.

Arlington Heights in June was made the center of the first urban area "cluster" in the Chicago area for the service. Thomas Kirkpatrick, Northwestern law school trustee, was assigned to the Arlington Heights cluster.

The summer's work is now being evaluated by Prof. James Thompson of the Northwestern law school, Arlington Heights. Police Chief Caldwell and Police Aide Kirkpatrick, if they conclude that there was enough accomplished, the arrangements will be continued and a new legal aide will be stationed in Arlington Heights.

Your Horoscope

WEDNESDAY
VIRGO (Aug. 24 - Sept. 23) - A good day for the Virgin willing to put his own wishes last, he interested in the affairs of others is who would please friends.
LIBRA (Sept. 24 - Oct. 23) - A day for musing to musing repair about the home. If a woman, this is your day for rearranging the furniture.
SCORPIO (Oct. 24 - Nov. 23) - Don't allow others to drape your shoulders with their responsibilities. Do your share of the labor - and then quit.
SAGITTARIUS (Nov. 24 - Dec. 23) - The Sagittarius who goes all out on a tomorrow when you can do today - but don't do today what you can't do tomorrow.
CAPRICORN (Dec. 24 - Jan. 23) - Don't put off until tomorrow what you can do today - but don't do today what you can't do tomorrow.
AQUARIUS (Jan. 24 - Feb. 23) - A little session is good for the quality of your work - but too much can be hazardous. Take a particularly PUNCH (Feb. 24 - Mar. 23) - Be your own best friend today. Do something for which you could receive adverse criticism later on. A day for proving yourself.
ARIES (Mar. 24 - Apr. 23) - A kind attitude toward those less fortunate than yourself will be repaid in kind later on.
TAURUS (Apr. 24 - May 23) - Remember your kinship with all and your common humanity and you will not be able to make enemies today.
GEMINI (May 24 - June 23) - This may be a day when it is best to look forward to tomorrow. Let today's ill luck slide easily from your mind.
CANCER (June 24 - July 23) - This is not the time to try to force others into accepting your views. Talk into a situation upcoming provision.
LEO (July 24 - Aug. 23) - Solidify your relations with friends through a favor. You may not like making the same - but it will be worth your while.

Mrs. Della Allen, 208 E. Euclid, shown at the car of Herman Mueller of 407 E. Euclid after the car crashed into the Allen's garage Tuesday.

School Opening, Errands Prevent Tragedy

BY MAXINE TYMA

Last minute errands and the opening of school were factors in averting a tragedy that could have caused serious injury to adults and children Tuesday.

The busy career of Arlington Heights 84 and Euclid was the scene of an auto and motorcycle accident in the afternoon.

"Motorcycle, driven by William Kohn, 20, of 1703 N. Chestnut, Arlington Heights, 69, of 407 E. Euclid,

collided at the intersection. Mueller's car shot across into the garage of the home of Mr. and Mrs. Della Allen, 208 E. Euclid, and damaged the lawn of the home of Mr. and Mrs. Curtis E. Kohn of 204 E. Euclid.

MRS. ALLEN said a few minutes before the accident she was in the garage, and she heard the motorcycle crash. She hurried to return to her car parked in the driveway. At the scene, the Kohns heard a loud noise.

WORLD REPORT

Lang Pleads Guilty After Court Battle

By United Press International

SPRINGFIELD—The end of a three-year court battle involving two former state officials charged with conflicts of interest ended Tuesday with one man pleading guilty to official misconduct in office.

Former State Printing Superintendent John J. Lang pleaded guilty to one count of official misconduct in office and was fined \$1,000.

Lang, former State Revenue Director Thomas J. Isaac and the Cook County and Lake County, Ill. judges were indicted by a grand jury in the fall of 1964 and charged with conflict of interest, conspiracy and collusion in the sale of more than \$1 million worth of envelopes to the state between 1961 and 1963.

No Warring In Plane Crash

GANDER, Nfld.—A Cessna biplane apparently crashed Tuesday killing 34 people, according to a report by the police shortly after the plane had a chance to report any trouble.

A control tower operator said today he had only routine aircraft communications before the pilot of the Soviet-built biplane crashed prior to the crash and exploded, scattering wreckage over a half-mile area.

Industry, Union 'Marking Time'

DETROIT—Walter P. Reuther, president of the United Auto Workers, telling newsmen here yesterday that some auto industry officials were going prior to the scheduled strike tonight at Ford Motor Co.

"I think in all honesty that we need to report to you that we are really just marking time."

Peace Candidate Asks New Vote

SAIGON—Peace candidate Truong Dinh Dhu, 50, told police "when he saw the motorcycle he stepped on the accelerator of his car as hard as he could" in an attempt to avoid an accident.

The moon food lawyer said he is of the 10 defendant civilian tickets, including his, would formally ask the nation's provisional assembly to declare this interventionist action to be illegal.

The 117 member body was expected to vote Oct. 2 on the election's validity.

East St. Louis Teachers Skip

EAST ST. LOUIS, Ill.—Hundreds of teachers at Lincoln School, 214 Thursday was a total of 11,982 students.

A meeting between leaders of Local 1220, American Federation of Teachers, and public school officials of District 189 took up last Tuesday with little progress reported.

Ben Carr, attorney for the teachers, said the school board refused to discuss modifications in the contracts and presumably will act before any settlement was made next again.

11,982 Students Enroll 1st Day In Dist. 214

The first day of school "enrollment" in Arlington High School, 214 Thursday was a total of 11,982 students.

When all late registrations are completed, at the end of the week, the enrollment in the district may be more than 12,000.

when Harold Bell, in charge of the Village Building Department, issued the report on building permits issued and construction work begun during August in Arlington Heights. The previous record was set in 1966 at \$18,438,000. The total of single family residences issued in 1966, though not a record, was 716. Already in eight months 600 building permits for homes have been issued in 1967.

BY MPF. A value of new permits for 1967 of \$16,251,000, only \$2,187,000 short of the record. Four of the five previous months have shown new home building on a scale to establish a new record before the end of September. The months of October, November and December would be to the record, forcing the figure to a new high that would in the future be difficult to match in Arlington Heights or any other Chicago suburban community.

IN ADDITION to single family residence permits in August, there was one for an apartment house at Northwestern Highway and Waukegan St. It is a 4-unit building to cost \$32,500. Installation of floor in the new dorms of the new dorms on Central Rd. were planned under building permits in August and will cost \$76,000. Twenty-five permits were issued during August for home garages and home remodeling amounting to an additional \$55,000 of new building.

BERNARD BENTLEY reportedly would channel the flow of traffic on the street of Mitchell St., which during last July's rainstorm was a "water highway."

Klinger also said city returns would encourage traffic through the streets as they are further north. This would apparently be undesirable because of the residential character of the area.

However, Mr. Edith Patterson, 303 W. Charleston, said she believes there are many of streets to accept all the water.

She said she favors city returns because they would make access to homes easier and help snow removal operations.

WEARY HAROLD Klinger, 804 number, was caught in the debate on street returns.

Klinger expressed a special meeting last week to reconsider the board's vote.

Klinger refused to predict the opinion of BOLI, but said, "We will not be a board of trustees."

\$300,000 for Highways In Wheeling Township

The Wheeling Township Board of Auditors Tuesday evening made available, through passage of the annual tax levy for sewerage road and bridge purposes, approximately \$300,000 for Wheeling Township.

The highway budget will make it possible to build 10 miles of township roads, general snow plowing and clearing on 105 miles, rehabilitation of the base on three miles of gravel roads, installation of 25 new street lights, repair of 1000 feet of sidewalks, building of one bridge and reconstruction of another bridge.

THE NEW HIGHWAY budget covers 14 items. Large is \$147,000 for road equipment including 21 trucks.

Theater World 'Sabrina Fair' Tryouts

Tryouts for "Sabrina Fair" will be held by the Cameo Players Inc., of Mount Prospect, Thursday and Friday evenings, September 5 and 6.

The tryouts will be held at the offices of River Trails Junior High School on Wolf Rd. between Euclid and

Foundry Roads at 8 p.m. "Sabrina Fair," by Thornton Wilder, will be directed by Betty Morris and is scheduled for Nov. 3 and 4 at Mount Prospect High School.

The play is a modern version of the Cinderella fable. This light romantic comedy with a terrace setting

of a staggeringly rich and genteel family offers a change of pace, costume and gaiety for Cameo Players. The cast will include seven male and seven female roles. Anyone in the community interested in trying out for the play is urged to attend. For further information, call Betty Morris at 255-0114.

"Pure Pearl," or ...

"Pure Pearl," or "Virtue Severe" is the production of Stage, Inc., a Palatine community theater group, to be held at 8 p.m. September 15-16, at the Barrington Knights of Columbus Hall, Northwest

Highway at Kishwaukee. Although the melodrama is about a love affair, door prizes will be given away. Tickets are \$2 each and a donation of \$5.00. The production will be followed by a full evening's entertainment.

Jud Rees will be production manager, director, Bill Barker, production coordinator, and Mrs. Orville Dunbar is in charge of the Olio. Peter Oles serves as assistant director.

Tickets are \$2 each and can be purchased from any member of Stage, Inc. Tickets are \$2 each and can be purchased from any member of Stage, Inc.

Girl Scouts Need Volunteers

"There will be no girl scout program in Mount Prospect Heights unless leaders and helpers volunteer," as reported by Cary Pratt, Prospect Heights Committee Chairman. Leaders may be any woman over 18 years of age and do not require having a citizenship certificate. Anyone interested in helping out please contact Mrs. Pratt at 255-0114.

N.W. Symphony Rehearsing For 1st Concert

The Northwest Symphony Orchestra, Perry Crafton, conductor, will hold its first rehearsal of the season at 7:45 Wednesday, Sept. 13, at Mount Prospect High School, South, 1111 S. Dear Rd., Park Ridge. Preparation will begin for the opening concert, at which music will be performed by the Northwest Symphony. The concert, to be presented at Mount Prospect High School West Gymnasium, Sunday, Nov. 5, will feature as soloists the Northwest Symphony. Mrs. Cosma To Play Violin With Quartet At 16th Symphony Ball

BY DOLORES HAUGH

Mrs. Harry Cosma will be part of the quartet scheduled to play for the cocktail hour at the Northwest Symphony's 16th Annual Ball on Oct. 14.

Mrs. Cosma and her husband, owner of Prospect Optical, live at 305 N. Willow, Mount Prospect. Their daughter Nancy will start college this fall and her son Gregory, 6, is a student at Gregory Elementary School.

Complementing her formal schooling, Mrs. Cosma studied violin for four years under a scholarship to the American Conservatory of Music.

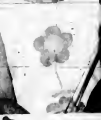

SHE PLAYED IN THE CIVIC

Symphony and the Junior Women's Symphony with concert at Kimball Hall, the Fire Arm Bldg. as well as in private recitals.

In addition to serving as safety chairman of the Gregory PTA Board and being a room mother, she has contributed many volunteer hours to the Over 50 Club and has played many concerts at home for the girl.

Mrs. Jo Newport is her accompanist.

Mrs. Cosma is a member of the Northwest Symphony, Oak Park Symphony, Northwest Choral Society, Northwest Strings, Northwest Symphony Quartet and is a featured soloist at the Com-

4-Year-Old Accident Victim Rescued From Under Car

Larry Lewis displays the jolts he was given from the car. Frisco, and police helped him get out from under the car. Frisco, and police helped him get out from under the car. Frisco, and police helped him get out from under the car. (Photo by George Seider)

BY MEL MILES

A quick-thinking young Mount Prospect man yesterday saved the life of a 4-year-old boy who was pinned under a car after an auto accident.

Larry Lewis, 22, of 203 S. 10th, rushed from his home to the accident scene several hundred feet away. Seeing that the girl, Julie Olson, of 4700 Arden Rd., was pinned under an auto, Lewis ran to his car, removed a jack from the trunk, and lifted the car off the girl.

Julie was a passenger in a station wagon driven by her mother, Mrs. Barbara Bandy. The mother told police that she was asleep on the way to the accident when her car was struck by an auto traveling south on 10th. The other car was driven by Bruce J. Tinko, 16, 804 W. 18th.

Mount Prospect-Tinko was cited for failing to yield the right of way.

Lewis said that he was in the living room of his home when he heard the collision. "I ran to the window to see what had happened," Lewis said. "One car was on the

parkway with its hood up and smoke was pouring from it."

LEWIS RUSHED outside and it was then that he realized someone was pinned under one of the cars. "I saw this woman, and she was screaming, 'my baby, my baby, and then she started crying," Lewis said. "The girl was lying on the ground, and her mother's car which had jumped the curb and struck a tree after the impact."

Without a moment's hesitation, Lewis ran to his car and removed a jack. "There was no way to get the little girl out because the tire of the car had blown out and the car was sitting very low," he said.

Lewis placed the jack under the car's rear bumper and pushed the car up, freeing the girl. Moments later, an ambulance crew from the Mount Prospect Fire Dept. arrived and a fireman removed Julie from under the car.

SHE WAS rushed to Northwestern Community

hospital and treated for severe cuts on the face and arm, burns on the leg and a broken collar bone. She underwent emergency surgery late last night and was reported in "fair" condition by hospital officials.

When news of Lewis' act reached Mount Prospect Mayor Daniel Congrove last night, Congrove said that he planned to personally meet the young man.

"Larry Lewis' quick action today is a credit to his family and the entire community," Congrove said. "It is all too often that we read of tragedies occurring while bystanders observe but do nothing. This young man displayed tremendous judgment and he took immediate command of the situation."

CONGROVE said that he will award a certificate of merit to Lewis in the near future. "I think that his actions are fairly deserving recognition," he said.

Lewis is a member of Notre Dame University and plans to attend in Purdue University in the fall for a mechanical engineering degree. (Continued on Page 2)

Four-year-old Julie Olson of Rolling Meadows was thrown through the side window of his station wagon yesterday following a auto accident in Mount Prospect. The girl was rescued by the car jack removed by a young Mount Prospect man. (Photo by George Seider)

WORLD REPORT

Strike By Auto Workers Shuts Down 93 Ford Co. Plants

By United Press International

The second national strike of the United Auto Workers Union against the Ford Motor Co. in 26 years began today. Pickets in good spots stopped Ford's 93 plants, emptied of their 160,000 workers.

Ford has plants from coast to coast but the hardest hit states were Michigan and Ohio where 107,000 workers must 47 of the plants.

Nearly 5,000 workers struck the plant and left their jobs before UAW President Walter Reuther formally declared the strike in effect. Plants were shut down prematurely in Mahwah, N.J. St. Louis, Mo., and St. Paul, Minn., even though Reuther had urged his members to wait until midnight.

New Law Limits Demonstrations

SPRINGFIELD — A bill establishing guidelines and penalties for public demonstrations was signed into law Wednesday by Gov. Orin Kerr.

The legislation, sponsored by Rep. George W. Rye, of Springfield, calls for a demonstration to notify police in writing, stating the time and place and route.

The measure prohibits demonstrations during a public hearing and prohibits demonstrations by an "unreasonable number of persons."

Claims Leaders Back Percy

WASHINGTON — Rep. Paul Findley, R-Ill., says Illinois Republican leaders strongly support his proposal of Sen. Charles H. Percy, R-Ill., as a presidential favorite for candidate next year.

He said Wednesday that 27 Illinois GOP leaders have expressed in full approval of the proposal. Five leaders gave qualified approval and only three expressed opposition, he said.

Quake Shakes San Francisco

SAN FRANCISCO — The San Francisco Bay area was rattled by an earthquake today. Dishes and windows shook, but no damage was reported.

The tremor struck at 5:30 a.m. Chicago time and was apparently centered off the San Francisco and San Andreas faults.

Marines Repel Human Waves

SAIGON — American Marines fighting hand-to-hand against two human waves today beat back a force of 4,000 Viet Cong along South Vietnam's northern border near Da Nang.

All 318 Communists were killed in Huong Baiting that the Viet Cong had used the Viet Cong.

U.S. officials in Saigon said American casualties in the war had needed the 10,000 mark.

Israel Reports More Shooting

Israel said today Jordanian troops opened fire on Israeli soldiers across the Jordan River.

The Israeli accusation was the second report of fighting between Arabs and Israelis in less than 12 hours.

An official announcement in Jerusalem said the Jordanians opened light arm fire on an Israeli patrol across the Jordan River about 10 miles south of the Albany Bridge. It said Israeli troops returned the fire and a 20-minute gunfire ensued.

... And Don't Come Back

Officials of Chicago's Palmer House, where the National Conference on New Politics held its first convention last weekend, said today the second NCNP convention will not be welcome there.

"We don't desire what we were getting into," said Timon Van Imhoff, the hotel's assistant manager.

The five-star hotel has attracted 3,200 persons. It mounted the largest gathering of civil rights, black power, anti-Vietnam war and student groups in the United States.

When the "new left" left, hotel officials found "black trash" and "white trash" metal doors of eight of the 100 rooms were broken.

Van Imhoff said that the hotel was not a problem.

BOLI Reverses Vote on Curb Routes

It's final. Northwest Highlands will get its own curb routes.

A CURB return to the Board of Local Improvements in a recent vote reversed the curb routes and followed the Board's recommendation to install curb routes in all four corners of Clarendon and Walnut.

Last night's vote apparently closed the last chapter of controversy on the \$215,000 curb route and pavement project.

BOLI has authority on the four corners of Clarendon and Walnut streets and a special assessment under a special assessment. The village board has jurisdiction on the four corners. It is handled through a private contract.

Became the village board cannot force its opinion on BOLI, the latter insisted

on its original position, differing curbs would have been installed.

WOLFE Harold Klingner, however, persisted in the curbs of the routes and said he doubted they really would be straight for an intersecting street, and in effect, blocking it.

The point of conflict was the trustees' insistence on curb routes against BOLI's recommendation that all four corners be straight for an intersecting street, and in effect, blocking it.

He Went to School To Learn, So ...

He pulled the fire alarm bell.

The alert brought the Arlington Heights police station and the fire station to the family Christmas tree. Both rang and buzzed sound.

As the firemen in the North side fire station, a block away from the school, made a dash for the school, the school principal seeing his reading ability.

The fire alarm bell at St. James School rang. "pull."

Maybe he was curious. The alarm bell is not an alarm. Maybe he was an "all boy" younger.

For the truck, the telephone rang.

The sister at the school was calling to report the "false" alarm.

Says Plan Commission Meeting Will Violate Law

BY MEL MILES

If the Arlington Heights Plan Commission goes ahead with previously announced

plan to hold a closed meeting to discuss the controversial parking ordinance, it will be violating state law according to Rep. Anthony

Scarlino who recently sponsored a bill aimed at eliminating secret meetings.

The commission announced plans to hold a closed committee meeting to discuss the parking ordinance at last week's public hearing on the matter. The commission would make a decision on the ordinance and referred the matter back to committee.

When a speaker asked if the committee would be invited to the meeting, acting plan commission chairman William Scarlino replied that it would be closed to the public. He explained that the final decision on the matter would be made by the commission. Scarlino says that his bill was designed to prevent public bodies from meeting privately to deliberate and discuss pending matters.

"It is clearly illegal," Scarlino said when asked about the commission's right to hold a closed session or executive session. Scarlino says that his bill was designed to prevent public bodies from meeting privately to deliberate and discuss pending matters.

Air Pollution A Growing Problem

(Part of a 2-part series)

BY ELIZABETH ALANNE

What is a breath of fresh air worth?

The amount of attention being given to the problem of air pollution nationally is an indication of the importance of clean air, or lack of it, to individuals and communities.

It seems astounding that the northwest suburban areas, which are the most polluted in Cook County, according to both the American Lung Association and the Illinois State Pollution Control Board, are not doing more to clean up their air.

What is less encouraging is that a recent national report says that the air in those metropolitan areas is second in terms of air pollution in the United States.

Numerous reports from medical authorities, municipal agencies, scientists and citizens of increased groups have produced reports of the health hazards of air pollution.

Many people, however, are most concerned with how it affects them specifically in their own neighborhoods.

Some questions which need to be asked are: What is air pollution? What is its influence in our community? How can we, as a community, control air pollution? What are the factors which control air pollution? What are the predictions for the future when air pollution is concerned?

Of pollution is the presence of any foreign matter in the atmosphere we breathe. Some air pollution is natural, such as pollen, but many more are produced by civilization.

Pollutants fall into two categories, those which are actual particles, the smallest called particulates, and gases.

Of pollution is the presence of any foreign matter in the atmosphere we breathe. Some air pollution is natural, such as pollen, but many more are produced by civilization.

Rolling Meadows Girl Rescued After Accident

(Continued From Page 1)
graduate studies. He has lived in Mount Prospect for 15 years.

A neighbor of Law's who knows the scene of the accident said the young girl, who is 14, is a student at the University of Illinois at Urbana. She is the daughter of 207 S. Lake said. "People were looking for us to pull her out from under the car but we couldn't get her out," said Larry and her mother. "We were able to get her out of the car."

Charles Cook of 210 S. Lake also said. "I know the boy's family quite well and they're fine people."

"Larry Law is the kind of person who would never let a young girl get into a situation like this," said a neighbor. "I think there is something in the way he handles his car."

"I don't know how it happened, but I think there is something in the way he handles his car."

Says Secret Meeting Will Break Law

(Continued From Page 1)
meeting private and deliberate and causing pending matters.

"This is a violation of the law," said the commission's report. "It is a violation of the law to hold a secret meeting. In fact, this was illegal even before the law was passed."

When asked if the law was intended to hold a secret meeting, the commission's report said, "The law was intended to hold a secret meeting. In fact, this was illegal even before the law was passed."

"After all," said the commission, "the law was intended to hold a secret meeting. In fact, this was illegal even before the law was passed."

Commission Chairman Fred Altmeyer said that the commission wouldn't do anything illegal but added that he didn't think a closed

meeting would be in violation of the law.

"I was out of town when the ordinance was passed," said the commission's report. "I am not sure if the law was intended to hold a secret meeting. In fact, this was illegal even before the law was passed."

1st Fall Meeting Tonight

The first meeting of the new commission will be held tonight at 8 p.m. in the basement of the Arlington Hotel. The meeting will be held in the basement of the Arlington Hotel. The meeting will be held in the basement of the Arlington Hotel.

The Growing Air Pollution Problem

(Continued From Page 1)
large percentage of the most polluting chemical wastes.

Animals and plants suffer from air pollution to the degree and in such a way that they are not able to survive. The pollution is caused by the burning of fossil fuels.

The three major sources of air pollution are the burning of fossil fuels, the burning of fossil fuels, and the burning of fossil fuels.

Wheeling Democrats To Meet

The Subject is Musical

Harper College's music program is discussed with some students during preparation at the school's temporary campus at 124 Grove High School. George Mahan (second from left), associate professor of music, speaks with fifth, William, Douglas and Mount Prospect, Valentine Klank of Arlington Heights and Margaret Rank of Mount Prospect.

Sales Manager For Littelfuse

PAUL L. MIRESE

Paul L. Mirese of 1414 W. Grove, Arlington Heights, has been promoted to the new position of regional distributor sales manager, Midwest and west of the Little, Inc. of Des Plaines. He formerly was factory sales representative for the same company.

Mirese will be responsible for the sales activity in 27 states and will provide factory support to sales representative organizations in this area. He attended the University of Illinois and majored in business administration and marketing. He is a member of the Illinois Alumni Assn. and the Electronic Industry Young Tigers. He is a Little League manager of the Rambles team of Arlington Heights.

Residents Fight Street Extension

Property owners along a proposed extension of Evergreen Ave. between Thomas Ave. and Olive St. speak now or forever hold your peace.

If plans proposed by a group of landowners there are approved by the village board of trustees, property from the present end of Evergreen, at Thomas, south to Olive may be unattached forever.

THE TRUSTEES want owners to dedicate a portion of their property so that Evergreen may cut through the area in the future.

Attorney William Moore Tuesday told the board he was representing eight property owners who were opposed to having Evergreen extended through their property.

The trustees, however, deferred decision until all dues, affected by the request are contacted.

"SOMEONE may lose thousands of dollars because of a vote," explained President John C. Wood.

The eight property owners stand their view after Bob Martin opposed dedicating the land because, he said, it would make his property at one end of Evergreen difficult to sell.

Board To Ask For Second Bids on Arlington High

High School District 214 Board of Education members are hopeful that the second round around for bids on remodeling work at Arlington High School will bring results.

In an attempt to bring the school up to date with the standards of the state Life Safety Code, bids for remodeling work were opened in July. The architectural firm of Berger, Kelley, Unteregg, & Assoc., estimated the work at \$320,000. The lowest bid received was \$423,000.

Architect Kenneth United said the bids were "not competitive in some areas and

Lions Visit Camp

On Sunday, Aug. 27, the visiting Arlington Lions and their families visited Camp Lioness in northwestern Illinois.

They were Mr. and Mrs. George, 207 N. Val, Mr. and Mrs. Robert Jacoby, 805 E. Talbot, Mr. and Mrs. Walter Carter, 626 N. Madison, Mr. and Mrs. Carl Wainwright, 121 S. Chestnut, Mr. and Mrs. George Sandy, 115 S. Chestnut, Mr. and Mrs. Ralph Meyer, 706 N. Winfield, Mr. and Mrs. V. H. Beller, 125 N. Waterman, all of Arlington Heights.

The camp is a tribute to the supporters of the Lions annual Candy Drive fund drive.

lacked sub-bids in some areas."

"We feel our estimate as far as we can get it, is a project like this is difficult to estimate," United said. He recommended to the board members the second bidding be set under four categories: general, mechanical, plumbing and electrical work.

THE BOARD members agreed to establish the bidding for the remodeling work under the four categories.

Dr. Edward Gilbert, superintendent, told board members the administration was considering replacing the oil burners in the school with gas units.

"We feel a conversion to gas would be desirable in the long run," he said.

The work on the oil burner will be submitted for bidding with an alternate bid for gas conversion.

THE REMOVAL of lockers to widen an east-west corridor near the girls' physical education area also will be discussed.

It is not feeling not to incorporate this project into the bidding at this time and that we do this work at a later date," Gilbert said.

Architect United said that he bid the \$190,000 estimate job for the removal of the lockers would be "too study" in use as a separate alternate.

A date has not been set for the opening of bids for the remodeling work at the school.

Administrator Appointed By Dist. 59

New Dist. 59 administrator for the superintendent for finance is Bill L. Lankenshaw of Naperville, former business administrator for Valley View Public Schools, Village of Romeoville.

His appointment became effective Monday.

Lankenshaw replaced William Mann, who was named dean of business service at Harper Junior College last month.

The new Dist. 59 administrator holds a Bachelor of Science degree in accounting from the University of Illinois and a Master of Science degree in business management, with a major in school finance.

His experience includes 24 years in Valley View schools, as well as five years with Naperville's public schools.

Mr. Dist. 59 schools are Joliette Low in Arlington Heights, John Jay, Robert Frost, Forest View Elementary, Dunsmuir Junior High School, and Oliver Wendell.

Mr. Dist. 59 schools are Joliette Low in Arlington Heights, John Jay, Robert Frost, Forest View Elementary, Dunsmuir Junior High School, and Oliver Wendell.

Another Look

The village board's finance committee was commissioned Tuesday night to study whether a federal funds should be sought for construction of a \$20,000-model storage tank here.

'To See Ourselves...'

By Catherine O'Donnell

Out of town visitors over the weekend are likely to return to their homes with a party inspired concept of life in our great Northwest suburbs.

Driving into Palatine from Chicago, one can feel of visitors passed the glass yellow and pink birthday cake as the first house in Mount Prospect. It's a really beautiful thing. The most unusual, and Happy Birthday, to 30-year-old Mount Prospect.

It was in Palatine, though, that the strangers knew they were away from home. The father of the Palatine resident was shopping with his son-in-law. The first stop was the Palatine National Bank to make a check book cover.

The young lady offered a checkbook from Green Pylon, Miami Alligator, Ozonite, Wadsworth, Western Cal or Golden Palace.

"Humph," said the father as his son-in-law chose the Green Pylon.

ACROSS the street at S. Broadway and State, the Palatine Drive Store has a holiday truly points out the pearls in this world of domestic making. It is called Nine Flags. Nine Flags is the name.

ADMINISTRATOR appointed by Dist. 59 is Bill L. Lankenshaw of Naperville, former business administrator for Valley View Public Schools, Village of Romeoville.

His appointment became effective Monday.

name of a grouping of nine colleges now up if the wrong countries are missed.

Our living is certain. It could only happen in America.

"THE SPOKEN WORD" There is one thing that is dreamed into every school or student's being. Nothing is more aspersing or frustrating than hearing anyone speak at a meeting and speak so softly that a word is heard.

Such was the case at the Plan Commission meeting last Wednesday night in the Village Hall. At least twenty people from the large crowd walked out because they could not hear a thing.

Jim Kelly of N. Val was one and he was typical of thousands of residents who go to any meetings that are held in the council chamber.

The Commission members last Wednesday and the Board of Trustees at all of their meetings talk to each other or stand in someone in the front of the room and only they and listeners with representative ears know what they are talking about.

Each desk is equipped with a microphone prominently attached to the public address system. The microphone in the center of the room used by residents with a voice is apparently off of shore.

Jim and everyone else who has ever attended a meeting in the village hall hopes that the microphones will be fixed if they are not working. The scene is the same as when this sound fades on a television program, only there is no printed apology flashed on the screen.

Dist. 214 Plans Teacher Pay Talks

Teachers and Board of Education members of Township High School District 214 will meet Thursday at 8 a.m. in the Harold A. Stearns Administration Center in Mount Prospect to discuss money.

Representatives of the District 214 Teachers Assn. will attend the special meeting.

The effect on teachers' salaries of the recently approved budget and the levy ordinance passed by the board will be the main topic of discussion.

The meeting will be the first of a series of joint sessions to be held before board members and teachers agree on a salary schedule.

Hints for Budgeters

BY MARILYN HILFERS
—Woman's Editor—

Everything appears to be returning to a routine since school began. The cost of getting the children ready for school is a reminder of the increase in the cost of living, and a one trip to the supermarket removes any doubts the price is higher.

New is the time to reorganize your market habits and menus, since economists predict this upward trend of food prices will continue. David Glenberg, Washington Council of the Supermarket Institute, predicts that "by Dec. of this year food prices will be at least 2 per cent above where they are now."

Marketing expert Chester R. Green, vice president of Kraft Foods Co. states, "A change in menu patterns will help. Too often women get in the habit of serving the same dinner over and over again. But new dishes using lower-

cost items can frequently take the place of the customary staples and costs. Variety assumes budget importance today."

He continued, "Contrary to popular opinion, the homemaker does not necessarily need to forgo convenience foods to plan economical menus. Many products successfully combine both money and time saving. Packaged dinners, soups, macaroni and cheese, spaghetti and sauce, chicken and noodle and countless other convenience packaged items frequently combine in a saving over the homemaker's own prepared-from-scratch dishes," he said.

MANY companies offer with illustrated menu suggestion and recipe aids. The U. S. Department of Agriculture publishes a wide variety of booklets on budget meals, on storage of food, nutrition, home freezing

and many other subjects important to the homemaker faced with rising food costs. These are either free or cost only a few cents.

Our food pages in The Day will present money saving ideas for preparing appetizing, varied menus at less than you expect to find.

A hearty meat pie can be prepared ahead of time and baked with some of the fall squashes now available. Add some sliced tomatoes and your favorite dessert to complete the menu.

MEAT PIE CRUST

3 cups all-purpose flour

1-1/4 teaspoon salt

1-1/4 cup shortening

2 large egg yolks, beaten

1/4 cup cold water

Mixing fluid

Roll together flour and salt into a mixing bowl. Cut in shortening with a pastry blender or two knives.

egg yolks with water and add.

Too mixture lightly to form a dough. Shape into a ball. Wrap in foil or waxed paper and chill several hours or overnight. Roll half of the pastry 18-inch thick and line 10-inch pie plate. Add meat filling. Roll remaining pastry 12 inch thick, cut into strips 1/2 inch wide and arrange over pie in lattice crust fashion. Trim excess pastry from around edge of the plate. Bake in a preheated very hot oven (450 degrees) 10 minutes. Reduce heat to moderate (350 degrees) and bake 10 minutes. Use package of ready mix pastry if you prefer.

MEAT FILLING

1/2 cup beef all-purpose flour

1/2 cup cooking oil

1/2 cup water

3 tablespoon instant minced onion

1/2 teaspoon powdered mustard

2 tablespoon celery flakes

2 tablespoon sweet pepper flakes

1/2 cup water
1 cup water
1-1/4 pounds ground chuck
1-1/4 teaspoon salt
1/2 teaspoon ground black pepper

1/2 teaspoon chili powder

1/16 teaspoon instant garlic powder

1/16 teaspoon ground ginger

1/2 teaspoon fresh lemon juice

Blend flour with oil. Stir and cook 20 minutes or until the mixture is brown. Combine powdered mustard with the 1/2 teaspoon water; let stand 10 minutes for flavor to develop. Soften the instant minced onion, celery and sweet pepper flakes in the 1/2 cup water and add the flour mixture. Stir and cook over low heat five minutes. Remove from heat and stir in 1/2 cup of water. Mix until well blended. Add meat and remaining 1/2 cup water. Stir and cook 15 minutes. Stir in chili, spices and lemon juice. Serve it.

A Tray to Add Zip To Appetites

Entertaining can be made a little easier when you serve Crispy Cheese Balls or Ham 'N' Cheese Spread. These Crispy Cheese Balls can even be made days ahead of time and frozen. If you need them for your party or when guests drop in unexpectedly, take them out and bake for 15 minutes. They are ready to serve and so attractive, especially when rolled in chopped almonds or pecans.

Another party treat that's sure to fit is a Ham 'N' Cheese Spread. And it's versatile too. You can serve it as a colorful bowl surrounded by a variety of crackers and sliced cheeses. For a more formal occasion, spread it on bread which has been cut into different shapes.

CRISPY CHEESE BALLS

1/2 cup (1 stick) butter

1-1/2 cups (6 oz.) shredded Cheddar cheese (1 from 16-ounce can)

1/2 cup regular all-purpose flour

1/16 teaspoon cayenne pepper

1 egg white, beaten

1 cup finely chopped almonds or pecans

In a small mixing bowl cream butter; gradually add cheese and continue to beat until smooth. Gradually beat in flour and pepper; a small amount at a time, until it is a soft dough; chill several hours or overnight.

Roll 1-inch balls; dip each in egg white, then roll in almonds or pecans. Bake in a preheated 350 degree oven 25-30 minutes. Yield: 4 to 5 dozen.

HAM 'N' CHEESE SPREAD

1 pound cooked ham, sliced

1/2 cup (1 stick) butter

1/2 cup (6 oz.) shredded Cheddar cheese (1 from 16-ounce can)

1/2 cup regular all-purpose flour

1/16 teaspoon cayenne pepper

1 egg white, beaten

1 cup finely chopped almonds or pecans

In a small mixing bowl cream butter; gradually add cheese and continue to beat until smooth. Gradually beat in flour and pepper; a small amount at a time, until it is a soft dough; chill several hours or overnight.

Roll 1-inch balls; dip each in egg white, then roll in almonds or pecans. Bake in a preheated 350 degree oven 25-30 minutes. Yield: 4 to 5 dozen.

CRISPY CHEESE BALLS

1/2 cup (1 stick) butter

1-1/2 cups (6 oz.) shredded Cheddar cheese (1 from 16-ounce can)

1/2 cup regular all-purpose flour

1/16 teaspoon cayenne pepper

1 egg white, beaten

1 cup finely chopped almonds or pecans

In a small mixing bowl cream butter; gradually add cheese and continue to beat until smooth. Gradually beat in flour and pepper; a small amount at a time, until it is a soft dough; chill several hours or overnight.

Roll 1-inch balls; dip each in egg white, then roll in almonds or pecans. Bake in a preheated 350 degree oven 25-30 minutes. Yield: 4 to 5 dozen.

HAM 'N' CHEESE SPREAD

1 pound cooked ham, sliced

1/2 cup (1 stick) butter

1/2 cup (6 oz.) shredded Cheddar cheese (1 from 16-ounce can)

1/2 cup regular all-purpose flour

1/16 teaspoon cayenne pepper

1 egg white, beaten

1 cup finely chopped almonds or pecans

In a small mixing bowl cream butter; gradually add cheese and continue to beat until smooth. Gradually beat in flour and pepper; a small amount at a time, until it is a soft dough; chill several hours or overnight.

Roll 1-inch balls; dip each in egg white, then roll in almonds or pecans. Bake in a preheated 350 degree oven 25-30 minutes. Yield: 4 to 5 dozen.

1 egg white, beaten

1 cup finely chopped almonds or pecans

Serve an attractive appetizer tray with these Crispy Cheese Balls and this sticky Ham 'N' Cheese Spread, and a variety of dry chicken.

Mrs. Frank J. Oshkiesky, manager of Oshkiesky Art Gallery holds one of the paintings she will show at the Courtyard Art Center program scheduled 7 p.m. at Pioneer Park, Arlington Heights. The public is invited to attend.

Elk Ladies Set Date For Show

The annual fall fashion show of the Elk Auxiliary of Arlington Heights will be held Oct. 4 at Heron's O'Hare Inn with the cocktail hour beginning at noon and luncheon served at 1 p.m.

A complete line of clothing from finger to foot will be modeled by professional models. Tables will be set for 10. All members and their friends are urged to make reservations early, as there is a limited number of tables available.

Mrs. Nick Barkulis is chairman of this affair assisted by Mrs. George Galt. Ticket chairman and fashion program coordinator are John Chalkley, CI 9-3279. Mrs. Edward Kravitz is in charge of door prize. Albert Lietz, 1967 Elk Arts-Bary program, is in charge of table decorations.

Kick-Off Dance For 'Side Door' Youth Center

A kick-off dance for "The Side Door," the junior high school youth center sponsored by the Arlington Heights Park District, will be held Friday, Sept. 6.

The dance will be in Recreation Park from 7 to 9:30 p.m. Music will be provided by the "Chicago Out Blues Band."

Admission will be 25 cents a person.

The dance will be the start of the membership drive for the group. Membership in the "Side Door" is \$1. Refunds for the identification cards will be taken Friday night during the dance.

Further information on the youth group may be obtained from Alice Clark at the Arlington Heights Park District office.

Definition of a credit card:

INSTANT DEBT

A bank charge card is actually a loan from the bank, incurring interest at the rate of 18 per cent minimally per year. This is in addition to the payment provisions for purchases, which are another expensive matter.

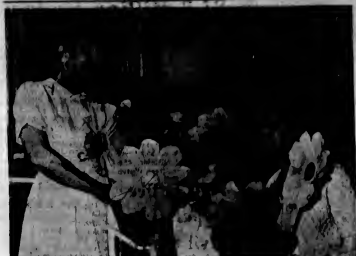

Until you pay back the borrowed money according to the bank's requirements, you are incurring this extra service charge for the privilege of doing business "the modern way."

This is a high price to pay for another so-called convenience. We recommend that you figure out how much our save-and-pay-cash plan boosts the dollar value of your income. You'll be amazed.

The patio is intended to view 30 points for \$1 and proceeds will be used to purchase playground equipment for Clearbrook Center.

Named Assistant At Sacred Heart

Sister Marie Peter, RSM, has been appointed assistant principal at Sacred Heart of Mary High School in Rolling Meadows. She succeeds Sister Marie Berwick, RSM, who is currently serving as principal at Marymount School in Richmond, Va.

Sister Peter has been at Sacred Heart for five years and served as the head of the history department. She is also a member of the school's American History.

Announce Project Bids

Illinois director of public works, Francis S. Lorenz, has announced bids on two area road project construction. The apparent low bidder for slope reconstruction between Algonquin Rd. and Anderson Dr., on Ill. Route 53, northwest of Arlington Heights was Enghardt Inc., Mundev, Ill. Their bid was \$96,545.

Engineers of this Div. of Highways will review and award the bids, and then award the contract, according to Lorenz.

LWV Members Set Fund Drive For Sept. 18

The Arlington Heights League of Women Voters will begin a fund drive Sept. 18 to raise \$700 to underwrite the cost of its voter service project this year. The League has just published 10,000 copies of a Local Government Guide.

Group Offers To Help Get Club Speakers

The League of Women Voters, which has members in 14 communities, has offered to line up speaking programs without charge for all interested clubs and organizations in the area.

Topic chosen for this year's presentations are decentralization of the government, civil liberties, local government and the Illinois Constitutional Convention.

MRS. IRVING Crystal, speakers bureau chairman, said that the topics were chosen because of the league's studies in this area and because organizations in the community share an equal interest.

For more information, about the program or to book a speaker, call Mrs. Crystal at CV-3422.

First Meeting Of Fall

The first meeting for the fall season for the Women's Guild of Our Redeemer Lutheran Church, Prospect Heights, will feature Donald Beck, who will talk on "How to Live With Your Telephone." Beck is an employee of Illinois Bell Telephone Co.

After the talk, there will be a short business meeting to discuss the guild's fall plans. The meeting will be held Thursday, September 7, 8:30 p.m. in the church fellowship hall.

Refreshments will be served by hostesses, Mrs. Harold Schoephoeter, Mrs. Gene Erick, and Mrs. Robert Kerbs.

New Arrival

A daughter, Sue, age 7, weighing 7 pounds and 10 ounces was born to Mr. and Mrs. Gary Richard Seymour of Rolling Meadows on Aug. 20 at St. Alexis Hospital. She has one sister, Kelly, 2 years old. Grandparents are Mrs. and Mrs. H. R. Rother, and, Monroeville, Ill. and Mr. and Mrs. Carl Seymour of Burbank, Calif.

Letters and phone calls will precede visits by leagues to businessmen and citizens in the community. Potential contributors will receive information on candidates meetings, legislative school and other services performed by the LWV during the past year. League members hope to reach the \$700 mark in the first two weeks of the drive.

Sagat 23 members will be available in a booth at Randolph, Lisle and in many subjects will be available there.

Mrs. Hecacy Barron of Mount Prospect is finance chairman. Her committee includes Mrs. Frank Potts and Mrs. Irving Crystal, Arlington Heights; Mrs. Ernest Bell, Mount Prospect; Mrs. Earl Shattuck, Prospect Heights; Mrs. Duane Amley, Wheeling and Mrs. Eileen Janssen, Madison.

A special kick-off breakfast for the finance drive will be held at the home of Mrs. Crystal, 511 S. Pine, Arlington Heights.

GOLDEN ONE OF THE MONTH MERLE FOY

The first meeting for the fall season for the Women's Guild of Our Redeemer Lutheran Church, Prospect Heights, will feature Donald Beck, who will talk on "How to Live With Your Telephone." Beck is an employee of Illinois Bell Telephone Co.

After the talk, there will be a short business meeting to discuss the guild's fall plans. The meeting will be held Thursday, September 7, 8:30 p.m. in the church fellowship hall.

Refreshments will be served by hostesses, Mrs. Harold Schoephoeter, Mrs. Gene Erick, and Mrs. Robert Kerbs.

Registration Open For 'Playschool'

Registration are being accepted this week for morning and afternoon classes in the preschool "playschool" program offered by the Arlington Heights Park District. Openings are available for the Tuesday and Thursday classes for three-year-olds held from 9 to 11 a.m. Afternoon classes for four and five-year-olds, held from 1 to 3 p.m., also have openings available in the Monday and Wednesday program.

The classes are held at three locations: Pioneer, Hawthorn and Recreation parks. Registration will be accepted at Pioneer Park in the park district office from 9 a.m. to noon and from 1 to 5 p.m. Parents are requested to bring a birth certificate to prove the age of the child. The \$3 registration fee must be paid on registration. The playschool classes will begin the week of Sept. 11 and will continue for seven weeks.

\$1.3 Million Budget Set for Dist. 26

A budget of \$1,321,453.12, approved by the Board of Trustees on Tuesday, September 7, 1967, is the monthly meeting Tuesday.

The 1967-68 budget will result in a tax levy of slightly more than \$2.17 per \$100 assessed valuation.

The educational tax levy had remained at \$2.40 per \$100 assessed valuation. This is based on a school district.

Post Office Expanding Civil Service

Many part-time postal employees will be covered by new service regulations. U.S. Postmaster General Lawrence F. O'Brien says.

O'Brien says many temporary positions will be eliminated and a new category of employees paid an hourly rate will handle mail parcels work on a regularly scheduled basis.

The new regulars would be scheduled for a definite amount of work and, thus, unlike temporary employees, would be eligible for all civil service benefits.

Temporary employees already on the post office rolls will have the opportunity to qualify for career status by taking the civil service examination, according to O'Brien.

O'Brien says he expects the new program to stabilize the work force and help retain qualified persons now in part-time positions.

Assessed valuation of \$7,169,661.33 should result in an anticipated tax revenue of \$140,000, according to Superintendent Winston L. Harwood.

The building fund tax levy was set at \$0.1875 per \$100 assessed valuation, which would result in an anticipated tax revenue of \$130,000.

Other tax levy funds include recreation, road, and working cash. These levies place the total levy at \$3.17 per \$100.

The board is planning to add an addition to the Hawthorn school and construct an additional elementary school at the south end of the district on Illinois Gas Company property.

Alumni Awards Scholarship To Karen Lusnak

Miss Karen M. Lusnak, 1012 N. Wilke Rd., Arlington Heights, has been named an Alumni Association scholarship to Northern Illinois University at DeKalb.

The office of Alumni Relations and Development has awarded \$7,700 in scholarships and grants to students this fall.

Steal Wheels

Two wheels and tires were stolen from a car owned by a George F. O'Brien parking lot at 600 E. Lawrence.

George H. O'Brien, service manager for the company, and Arlington Heights Police Wednesday the equipment was valued at \$50.

Day SPORTS

A bigger, stronger, and much more experienced Prospect High School squad will try to shake off the tag of "breather" to Mid-Suburban League football circles this fall.

THE KNIGHTS finished dead last in the league race last year, losing all six of their loop games as well as two exhibition contests. In fact the once-proud Prospect grid machine hasn't had a successful campaign since 1964. But Head Coach Don Williams doesn't sound like a man coming off a winless season when he assesses this year's prospects.

"We may be a year away from a championship-caliber team right now," Williams concedes, "but I can guarantee that we will be a lot tougher than we were last year."

The big reason for Williams' optimism is the return of nine key lettermen from last year's unit. "We had three back last fall," Williams points out. There would have been 10, but starting center Mike Sender moved to California over the summer.

"THAT EXPERIENCE makes all the difference in the world, as far as I'm concerned," says Williams. "That and the fact that we have some size. We're still not real big, but we are bigger than we were last year. No one will be

Williams' lettermen bear witness to that. None of them weighs less than 170 pounds.

The returnees make up a fairly well-distributed crew too with three halfbacks, a fullback, an end, a pair of guards, and a pair of tackles. Conspicuously absent though is a veteran quarterback.

In fact there is only one quarterback on the Prospect roster with as much as junior varsity experience, and he is hurt. Junior Gary Bach suffered a head injury in early drills and he will be out indefinitely.

IN HIS PLACE is a rapidly-developing sophomore with a lot of promise but practically no experience. Mike Gefney played only two games last season before he was sidelined by a broken arm. But Williams thinks enough of the lanky youngster to name him as his starting signal caller for the Knights exhibition opener with North Chicago.

"Gaffney has looked very good in practice, and he is my quarterback," says Williams flatly. "That position of course is our big question mark, but if Mike develops as fast as I think he can, we will do just fine."

Another sophomore quarterback, Bob Kline, also has been moved up to the varsity squad along with Backlund and junior Craig Voss. Kline is a member of the varsity squad.

THE RETURN of four running backs should help to take the pressure off Gaffney, although Williams says his team will pass more than it did last year. "We still are

running team primarily," he explains. "But we should be able to keep the defenses a little more honest this year, because we will have better pass protection."

Gary Cobb, one of the

Knight's leading ground gainer last year, is expected to handle a lot of that rushing again this season. Cobe may be moved from his fullback spot to halfback though, by a powerful 190-pound junior named Steve Grant.

Gary Andrews, a 165-pound senior speedster, will bring a year of varsity experience to another halfback slot, while senior Mike Corleone and junior Ted Passarelli also will be bidding for starting backfield jobs.

THIS YEAR'S bumper crop of running backs has allowed Williams to move lettermen Jim Gurnz to the split end position. Gurnz, a 6-2, 185-pound senior, is one of the fastest men on the squad and he may also have the best

Another letterman, 190-pound Ken Nehmzow, figures to start at tight end although he is getting an argument from senior Mike Anderson whose long suit is speed.

An injury to 200-pound senior Butch Leonard has complicated Prospect's tackling situation. Leonard will still

the opener because of an ailing ankle. Junior Jim Novak will fill in for Leonard. The other tackle assignment will be handled by Jeff Schneider.

another senior letterman.

One of several promising Prospect halfback hopefuls takes his turn in a rigorous running drill at the Knights afternoon practice session yesterday.

Two new men have been added to the Prospect varsity grid staff this fall. Members of the Knights' brain trust are (left to right) Dave Ziemak, Walt Storm, Larry Fohman, Jerry Loveloy, and Head Coach Don Williams. Fohman and Loveloy are the newcomers.

Loose Promising Juniors

Transfers Dim Knight Harrier Hopes

Five transferring letterman and a handful of eager newcomers were at the first meeting of a non-sponsoring youth organization at Prospect High School stepped up its varsity cross country efforts this week.

Coach Joe Warner can take solace in the return of the top three runners, but that isn't enough to doom the Knight club's dreams of what might have been.

THE DREAMS were built on a conference-championship froothop outfit which has

been ridden by injuries and transfers. "I wouldn't have been surprised if we had five or six juniors in our top three this year," Warner said. "But now most of those boys are gone."

Only one of last year's three leading sophomores may return to the fold, and he is doubtful. David Fautsch, who ran behind Dave Proffert and Gary Bruehl, through most of the season, has missed early practice sessions because of illness. He may be gone for the season.

Proffert and Bruehl both have left the squad, as

has Bill Skibbe, last season's sixth man. Both Skibbe and Bruehl have transferred to other schools.

THE SECOND-YEAR MEN'S fourth and fifth runners will graduate to the varsity roster, although one of them has been bothered by foot trouble. But Truett has been among the leaders in practice, but Doug Babb joined the team for the first time today.

"The Knights' fortunes suffered another major reversal last summer when senior Tom Long also moved out of the

squad. Long was running in the fourth spot for the varsity throughout last year.

ALL IS NOT doom and disappointment. In the Prospect harrier camp this fall, the Knights' hopes are provided by the return of senior Steve Holmes. The number-one man in a very early season for the Knights last season. He too has been bothered by illness though, and he may not be in top form for next year's opener.

Senior Owen MacRae, who was right behind Holmes in the time in 1966 also is back in uniform and is currently leading the pack. Other senior letter winners who will be among Warner's

leaders are Joe Wilcox and Bruce Oswald. Wilcox ran sixth for Prospect last season, and Oswald was the seventh's eighth man.

THREE SOPHOMORE prospects are promising to push the senior veterans right out of the picture though. The most promising member of that trio is Kiah Mathews who Warner says is almost a shoo-in to say with the varsity this year. Mathews finished his credentials for the first time last spring when he finished second in the conference froothop mile race.

Pete Daniels also made an impressive showing during the spring track season, taking sixth in the conference froothop mile race with a sparkling time of 4:40. Other senior letter winners who will be among Warner's

ing 10-40 times. "The other sophomore hopeful is Tom Kishner, who ran seventh for last year's froothop harrier squad."

Another long shot for varsity status is freshman Bob Patterson, who is now having the times of any of last year's freshmen crop.

DESPITE the flurry of personnel reversal, Warner is confident his charges can improve on last year's 1-3 Mid-Suburban League record and 4-6 over-all mark. "The boys are running pretty close together, and they are ahead of last year's group," Warner predicts. "But then the competition is a lot better than it was last year. We'll have our own though."

Griesman Named Captain

Mike Griesman of Rolling Meadows has been named as one of the three co-captains for the Northern Illinois University varsity football team this season.

Griesman also will be the Huskies' starting quarterback when they open their 1967 campaign on Sept. 17 against Butler University. The former Prospect View High School star was Northern's number-one signal caller last year, completing 141 of 248 passes for a total of 1,899 yards. He also gained 141 yards in the game against the Huskies in 1966.

Head Coach Howard Fletcher has selected Jack Frost of Palestine and Jim Fagetti of Bloomington as his other co-captains. Frost, who will function at right end for N.I.U., also has been named a varsity captain for two years. He was the Huskies' leading receiver last season with 48 receptions that were good for 776 yards and eight touchdowns. Fagetti, a linebacker, will be the team's defensive captain. The talented senior topped Northern's defense in the last two years with an average of 12 tackles a game.

Green MacRae has been leading the pack in previous harrier efforts but, MacRae was the number-two man on last year's varsity unit.

Wood Remains Popular In Modern Boat Building

There has been a great increase in the use of fiberglass and aluminum in recent years in the boat building industry, but doesn't get the idea that wood is passing from the picture.

AS ONE BOAT builder puts it: "Casualty losses in small boat dealer showrooms or at some magazine might give you the impression that plastics are the wave of the future and wood is about to be buried—in a fiberglass coffin."

"But don't be too quick to kick the corpse," says Charles E. Burgess, marketing vice president of Chris-Craft.

Burgess says that fiberglass is now predominant among certain runabouts and sailboats, but points out that industry reports on inboard cruiser shipped in January showed that 75 per cent were made of wood.

The Chris-Craft executive says his company has no axe to grind, pointing out that it builds boats of all materials to suit varying needs and preferences.

"OUR FIBERGLASS line," Chris-Craft executives, sailboats, and Coastal sport boats—are naturally growing," Burgess said. "Steel and aluminum rowing cruisers are increasing steadily."

"But our 40-foot and over wood cruiser lines are still healthy, and for many models, continuing to grow. We are now completing four plant expansions—two to increase fiberglass output, two to increase wood boats."

Each material offers competitive advantages, Burgess draws, according to Burgess. "There is no perfect material."

AMONG THE advantages of wood are lower initial prices, ease of repair, and the availability of comparable quality and equipment, and exceptional

strength when properly built. Burgess says.

Boilers can usually offer a greater variety of configuration in a given size because parts production is not "locked into expensive molds," he says. "Wood is an insulator, does not 'weave' or conduct heat, and tends to dampen noise and vibration."

The major criticism of wood is maintenance costs. Burgess says this should be viewed objectively.

"WHILE it is true that a wood hull will require more care, the real question is 'how much more?'"

In certain cases, depending on how and where the boat is used, it makes sense to choose fiberglass or metal. In other cases, such as in cool northern climates where a boat is hauled for a large part of the year, differences in maintenance costs may not be significant.

"Remember, all materials require care, and all boats kept in the water must have their bottoms cleaned and painted periodically to retard marine growth. Regular equipment maintenance is the same for all boats, regardless of hull material."

Senior Steve Holmes is one of the bright spots in a generally disappointing cross country picture at Prospect this fall. MacRae was the Knight's leading runner in 1966.

Prospecting

WITH DALE NORMAN

A LITTLE KID—maybe 10 or 11 years old—tumbling by our door with a metal lunch pail and a worried expression. Late on the first day.

Neighborhood mothers watching the clock, not nearly so concerned with the peace and quiet they looked forward to for three months as they thought they would be. Seasoned collegians receiving old acquaintances in their homes far away from home and kind of happy about the whole thing in spite of themselves.

Not so happy a day later though as they stand in mile-long lines trying to get the right chemistry course at the right time, taught by the right professor. And winding up with American History at 8:00 in the morning instead.

Swearing teenagers wearing pads and helmets belting tackling helmets and each other while T-shirted coaches shout encouragement and other things at them.

BROWN PAPER BAGS and wadded paper much too early in the morning. Tuna salad and chocolate cake or cookies prepared with tender loving care only to be heartily swapped for peanut butter and jelly or store-bought pop cakes.

Muttering high school kids barely discomfited under a narrow stack of books, staggering homebound. A paper before the semester is a week old.

Crashy over the public address system or at the all-school assembly. "It's been sitting through classes anyway."

Oh, well, with most in hand racing for the bath room only to be tossed out in the last step by his built-brother daughter. Breakfast together, but too early to get to the dormitory.

Heavy minor soccer still at last. At least some of the time.

ON CAMPUS. The first look of the year at the university grounds. And probably the last.

Fighting freshmen trying to decide whether to look humble and confident searching for rooms and lockers and humping into people still things in the attempt. Senior seniors, enjoying the day.

Eager undergrads turning inside at the door when Mom tells one of her hands. Maybe even a tear, but it goes away even quicker than it came.

DAD AGAIN, with a ruddy eye on what was once a check in someone's hands. Tuition, room and board, and a new wardrobe for daughter. You can't go through rush wearing the rag you wore in high school.

A head of scrubbed little boys standing at attention with their new patrol belts gleaming over freshly laundered sport shirts and then marching importantly to their posts.

Would-be athletes (nodding reluctantly to burlesques before they want to be allowed to practice tomorrow).

SKINNED KNEES sustained from a fall while chasing the ball. There would have been plenty of time, but somebody hid the geography book on the kitchen table. "Well, I sure didn't leave it there."

School's in.

Suspend Athlete Feature

The Day's Athlete of the Week feature has been suspended this week while our athletes are on vacation.

Bob Land is on vacation. The Athlete of the Week will resume Thursday.

Golden Toe

When sophomore football Dick Emmerich led Northwestern to victory, he scored 29 points, it marked the first time that a

Without scoring leader had scored 29 points in a game. He had four field goals and 17 extra points.

Your Horoscope

FOR FRIDAY

VIRGO (Aug. 24 - Sept. 23) - Handle your affairs efficiently and with the greatest speed possible under the circumstances. Not a day for looking back.

LIBRA (Sept. 24 - Oct. 23) - Consider yourself lucky that today brings no misfortune. An average day with average accomplishments.

SCORPIO (Oct. 24 - Nov. 23) - Regardless of how you may feel about it personally, this is the day for trying to make right some recent regrets.

SAGITTARIUS (Nov. 23 - Dec. 22) - Don't allow a carnival atmosphere on the employment scene or at home to mislead you to the right of your objective.

CAPRICORN (Dec. 23 - Jan. 20) - Take care that you don't take your own frustrations out on others. Be especially careful not to offend young people.

AQUARIUS (Jan. 21 - Feb. 19) - A shopping spree may well set you back more than you can afford. Make an effort to return things you don't really need.

PISCES (Feb. 20 - Mar. 21) - Decisions you make today may have more of a bearing on your future than you know. Take care to use reason.

ARIES (Mar. 22 - Apr. 20) - Spend a good part of this day taking care of the interests of others. They will do the same for you when you need it as a future date.

Taurus (Apr. 21 - May 21) - Pay attention to all the rules of safety whether at home, traveling, or on the job. Accidents may well occur.

GEMINI (May 22 - June 21) - Don't allow yourself to become the victim of a practical joke. Be alert to unusual happenings or circumstances.

CANCER (June 22 - July 22) - A good day for having things all your own way - but only if you don't let others know that that's what you're aiming for.

LEO (July 23 - Aug. 23) - There's no sense leaving a hot house if you are the present prospect for heading for failures, get out while you're ahead.

Right Tools Make Good Power Play

When the home handyman is ready to make his power play, a few basic tools will get him started.

The most versatile power tool for the do-it-yourselfer, according to the editors of Building Supply News, is the portable 14-inch drill.

The term, 14-inch, refers to the size of the drill chuck which will accept. Equipped with expansion bits, the 14-inch drill can drill holes up to several inches in diameter.

In addition to drilling holes in wood and metal, this versatile tool can be fitted with accessories for grinding, honing, polishing, shaping, sanding, wire brushing, and paint stirring. Equipped with a special stand, it can be used as a drill press. In some cases, the drill can be converted into a power saw or other power tool.

A PORTABLE SAW is another basic tool for home handymen. The two main types are the circular saw and the sabre tool.

The circular saw is ideal for straight cutting of lumber or large boards. A six-inch model can rip or crosscut a 2x4 board at a 45-degree angle.

The sabre saw, which has a straight blade that moves up and down, is better for making curved cuts or, when working with thin panels of plywood or hardboard.

For the most accurate cutting, metering and grooving of lumber, either a table saw or radial saw is best. Both use a circular blade. But the blade of the table saw is stationary and cuts from below, whereas the blade of a radial saw is suspended from above. The radial saw moves forward on a track while the work to be cut remains stationary.

Costly Toll

Accidents cost the nation at least \$20 billion in 1966, reports the National Safety Council.

Wage losses alone accounted for \$5.9 billion. Medical fees and hospital expenses totaled \$2 billion. Other losses to make up that grand total were in insurance administrative and claim settlement costs, property damage in motor vehicle accidents, property destroyed by fire, and property destroyed and production loss due to work injury accidents.

ANOTHER valuable power tool for the home, according to Building Supply News, is the power sander.

There are three types. The oscillating or reciprocating type that uses standard sandpaper and moves in an orbital or back-and-forth fashion is ideal for fine finishing. The professional belt-type sander is a powerful and fast-working machine that uses an abrasive belt. Rotary disc type sanders are used for fast removal of heavy paint or smoothing rough lumber.

VALUE PLUS!

Four bedrooms to level complete with 2 baths, paneled family room, large kitchen complete with built-in oven, range, dishwasher & disposal, full basement & 2 1/2-car garage. Reduced to

\$33,500.

W.W. Radtke Joins Busse Brokers Firm

WILLIAM W. RADTKE

William W. Radtke, 518 N. Rosell, Mount Prospect, has joined the George L. Busse and Co., Mount Prospect real estate and insurance brokers.

A general insurance broker, Radtke has seven years of experience in casualty, life and health insurance. He represents U. S. Fire Insurance Co., Kemper Insurance Group, and Prudential Insurance Co.

Radtke is president of the Northwest Cooperative Mental Health Assn., serves on local fund drives and political campaigns, is a member of St. Paul Lutheran Church, and coaches a midwest football team. He is married and has two children.

Find Right Niche For Extra Closet

Wall "niches" formed by the location of structural beams needn't be wasted space. They can be converted into convenient closets.

Just build a simple door frame, install narrow floor-to-ceiling shelves, and conceal the area with heavier doors of ponderosa pine. The doors come in stock sizes and can be stained or painted to match the room decor.

Depending on the location, the new closets can hold: canned goods (kitchen or hall); shoes (bedroom or dressing room); towels or toiletries (bathroom); or books (living room or study).

New 'Open-Space' Community in Schaumburg

Lancer Park — a new, open-space residential community — is now taking shape in the southeast area of the Village of Schaumburg. Entrance to the new community is on Rosell Rd., about two miles south of Rt. 72 (Higgins Rd.).

Known as "Carlisle," the first section of this park-like development is laid out to take full advantage of the natural rolling contours of the gentle hills in the area. Over 40 acres have been reserved for parks, schools and other public use.

And one of the outstanding attractions of the community is the broad, winding greenbelt strip — roughly paralleling the region's natural water course — which reaches through the entire development. This emphasis on the terrain's natural beauty will also be maintained in laying out the community's safety-curved streets and avenues.

LANCER PARK is planned to offer approximately 775 lots to purchasers for home-building. Models are now being shown at "Carlisle," and represent a wide range of designs offered by the builders, including split-levels, Colonials, contemporary and distinctive two-story homes. Prices will range from \$32,750 for most designs — although the builders will also offer extensive customizing service. A similar, adjacent area will be known as "Bennwick," and will offer homes and lots in a somewhat lower price range.

In line with the complete community living being stressed for residents of Lancer Park, the developers have also set aside 19 acres at one corner of the area for an attractive, modern shopping center. Future plans include over 300 apartment units, in widely-spaced buildings which will complement the overall unswayed community concept.

AS PART of the established Village of Schaumburg, the new Lancer Park section will enjoy the many desirable features of the area. Police and fire protective services are fully manned, and utilize latest and most efficient equipment. Both elementary and high schools in the village are highly rated, and are of attractive new design. There are several shopping centers already established, and business and professional services are convenient.

Churches for most faiths are also readily available throughout the village, or in nearby areas. The many businesses and major industry, operating from modern new plants in the general vicinity will also prove an attraction to those seeking the convenience of employment within short driving distance. Recreation facilities in the area — golf courses, parks, forest preserves, etc. — are plentiful.

Transportation facilities serving Lancer Park include major state highways and the Northwest Tollway — about three miles north of the new community. Commuter rail service is provided from Roselle — about two miles south, at Rt. 19 — by the Milwaukee Road. Carlisle model homes are open daily from 9 a.m. to 9 p.m.

Attractive new model now showing in "Carlisle" — recently opened in Schaumburg, on Roselle Rd., about two miles south of Rt. 72 — is this distinctive contemporary design. The

spacious 3-bedroom home features a large grade-level "recessed" for family use. Carlisle models are open for inspection daily, 9 a.m. to 9 p.m.

Plan Windows To Circulate Air

Window location has a lot to do with the comfortable ventilation of a room. Windows placed toward the center of the room afford a free circulation of air than those placed in the corner. And windows placed in the lower part of the wall direct air through the room level at which occupants sit and stand. Casement, awning and hopper style wood windows, which are available in stock units of ponderosa pine, offer maximum ventilation in a room because they open at a 90-degree angle and help direct the flow of air.

Multi - Purpose Room Serves Growing Family

The owners of this home have found that an addition can serve many purposes. Mom and Dad enjoy the luxury of entertaining friends in the evening, while the children like the extra play and hobby space. The TV set also can be put in this area. An Early American theme was developed, using a new featured wormy chestnut paneling by Martite on the main walls. Local building material dealers have this washable Martite paneling, as well as matching moldings, in these lines.

Lawn Season Just Beginning

Late summer is the end of the vacation season but it's the beginning of the gardening season for lawns.

From now to mid-September no other time of year has so many advantages for starting a new lawn or perk up an established one. Kentucky bluegrasses make efficient use of the warm days and crisp nights that will soon be occurring. Crabgrass and other wet weather weeds are frustrated by the changing season and give little trouble to new grass seedlings.

Cultivate the seedbed of a new lawn at least a couple of inches deep, mixing in some fertilizer. Complete lawn fertilizers, such as 10-6-6, 10-8-6, 10-10-10 or some similar analysis, will work very well at the rate of 15 to 20 pounds per 1,000 square feet. Leave the surface loose and crumbly.

Then spread the seed of fine-textured grasses over the soil.

Equally uncomplicated is the encouragement and improvement of existing turf. Fertilize Kentucky bluegrasses at least once and possibly twice, through the autumn. Even fine fescue, in shade, should be given enough fertilizer for both grass and trees.

When installing the new lawn consider the fact that bluegrasses and fescues are not bothered by frost; indeed, they grow best when nights are cold, and the days bright and sunny. When weather is crisp the food that the bluegrass leaf makes by day is stored in sturdy roots and spreading stems. Whatever you do to encourage growth in the next few weeks, builds the lawn's future.

Even the most style-conscious career girl will approve of what the Porta-Dryer/115V does to improve a bathroom. Designed by Maytag to be set on a counter, hung on a wall or rolled around on casters, this new dryer will save this girl many trips to the self-service laundry. It is especially handy for drying those handkerchiefs that seem to grow in the bathrooms of working women.

End A Space Problem

Four girls living together in one apartment equal lots of gossip and a never-ending hang-up of lingerie dripping dry in the already crowded bathroom.

But there's a new portable clothes dryer that can cut out at least the drip-dry bathroom.

The Maytag Porta-Dryer/115V plugs in to any adequately wired 115-volt socket and is ideal for nylons, lingerie, and other items roommates hesitate to trust to big high-heat dryers in self-service laundries. For those slow-to-dry articles, the portable dryer is capable of operating up to 115 minutes on a single setting.

ANY GARMENT that can be dried in a standard model can be dried in this

dryer. It holds about half a normal dryer load: several sets of lingerie, or a batch of permanent Press blouses.

With casters, this new dryer can even join the ironing board in the closet when it's not in use. Or, if the avocado, copper, or white models seem right for the decor, it can be left in a corner or hung on the wall.

The Porta-Dryer is quieter than most air-conditioners. Priced at about \$100, its cost can be spread among the budgets of four roommates, too. Inexpensive to operate, it draws less power than some of the new four-slice toasters.

Four roommates may still have a crowded bathroom, but the crowd won't be hanging overhead to dry.

Kitchens Becoming Rooms With a View

An efficient kitchen needn't be dull. Highlight of this room is a charming stock bay window of ponderosa pine, flanked by cabinets with removable grills, that gives an outdoor view and plenty of sunlight and air. The handy window counter makes a pleasant work or snack bar.

A spare ice cube tray makes a neat and practical container for all the oddments that otherwise can clutter up your desk or kitchen drawer, — pins, needles, tacks, stamps, etc.

You'll always be ready for that odd job requiring a nail in the right place if you slip a heavy rubber band around a hammer handle and put a few nails, assorted sizes, under the band.

Hints for the Home

For an emergency table for the very little ones, use an ironing board set at its lowest adjustment.

When painting stairs, do alternate steps, let them dry, then do the rest. The stairway traffic will not be blocked and you'll prevent accidents.

Bow and bay windows, usually associated with family and living rooms, have an imaginative new use. They're now turning kitchens into rooms with a view.

Too often, kitchen windows are merely functional, with the emphasis on light and ventilation rather than good looks and visibility. Bows and bays are two attractive ways to achieve all four advantages.

Modern bows and bays, which have a Colonial history—they were used by early American shopkeepers to display their wares—are now available in assembled stock units of ponderosa pine. They can also be obtained with insulating glass, which assures year-round comfort, guards against condensation and eliminates the need for storm sash. To stress the charming Colonial look, these windows are often used with grill inserts that snap in to give a small-pane look and snap out for easy

window cleaning

BECAUSE they are wide-expanse windows, bows and bays admit maximum sunlight and open the kitchen to a view of the outdoors—pleasant assets in a room where housewives spend much of their time. To provide ventilation, the units are often flanked with casement, awning or hopper windows which open at a 90-degree angle.

Bows and bays are among the most beautiful window styles available: the bow curves outward in a graceful arc, and the bay is straight in the center and distinctively angled at each end.

Some stock units come with interior window seats with built-in storage underneath. Or, a shelf can be installed at the base of the window to provide additional countertop space, a desk area, or a handy snack counter.

Compliment Front Entry With Combination Door

Camouflaging your front door with an unattractive screen or storm sash is like hiding your light under a bushel.

To let your house entrance glow with twice the beauty and elegance, choose a

One way to do this is with stock ponderosa pine panel entries and matching combination doors. Complete, pre-assembled entryways are available in a variety of styles and in stock sizes. They include a panel door, a graceful pediment, decorative side pillars, fan lights, side lights and a number of other decorative features to suit any architectural decor.

Modern combination doors of ponderosa pine have interchangeable panels of screen and storm sash. The door is permanently installed, so there's no need to remove and install screen or storm doors with the changing seasons.

Make your own rag bin by fastening that discarded shoe bag behind a kitchen door or on the wall of the utility room. Be sure to throw away any rag once soaked with flammable fluids, or paint.

If running short of paint, never stop in the middle of a wall. Always finish in a corner before starting a new can of paint, otherwise the colors will not match.

KENNEL
RAND ROAD - PALATINE

Illness forces sale of this lucrative boarding business. Specialists in Barrington. We Live Here Too!

Private oasis takes shape. For feet-up comfort, today's bachelor girl (left) creates a special leisure area in the corner of a room. Her secret-use of a divider of headbands and a Spanish design wallpaper in bright blue and white. Sculptured latex foam rubber furniture by George Tanier in bright red completes the setting and illustrates the importance of geometry in home furnishings. A bachelor's one-room apartment (right) has all the essentials

for comfortable solo living. A massive scale sleepoffs by Champagne-Siegel-Land is chunky modern with deep blackcut nuffing of latex foam rubber and black vinyl fabric. Note wide areas called party perches by these designers for comfort. Window trim, metallic background and metal modular units complete the total living area. For a spicy dash there is an area rug of black and red stripes.

Op-Pop Affecting Home Decorating

Few single persons can do what wallcoverings designer Jack Denst did: give away old furniture to friends before moving to a new apartment. What fun to come to dinner and go home with the dining table!

For his new high-rise apartment in Chicago, Denst turned to pure modern à la Mies van der Rohe Barcelona chair, black and white. Throughout the country others who were semiraditional like Denst are being converted to well-executed modern furnishings. The current wave of Op-Pop definitely is influencing an acceptance and bringing an understanding of pattern's effect on our lives, Denst feels.

The slick look at home turns up again and again in shiny vinyls used on chairs and sleepoffs and as wallcoverings or see-through pillows with colorful designs.

THE SECRET to decorating with modern is so simple that many tend to ruin a setting by over-decorating. Don't clutter a modern-oriented room with precious knickknacks. Colors need to be bright and sharp and limited to two dominant tones—black and white, blue and white, brown and white, for example.

Sharp accents of citron, purple, red or greens in kinetic combinations in fabric, rug or paintings are the finishing mark in the home of a person knowledgeable in what makes modern.

Some designers soften the angularity of

modern. One such group shows what can be done with new techniques. Wavy furniture results from cushioning a tubular steel frame with soft latex foam rubber and wrapping this in a nylon stretch fabric. Colors remain vibrant like red, violet, green bronze and electric blue.

ONE CORNER of a bedroom, for example, can be decorated for privacy with a "Chair" and "Sofa" of the sculptured design. Repeat the form in a Spanish-

design wallpaper. The small area in red, white and blue includes a telephone, reading lamp, portable television, while modern table—all put together for a relaxing hideaway behind a headboard divider.

The private oasis in the bedroom illustrates the growing breakfast attitude toward what furnishing rooms in a house or apartment require. Cut-and-dried bedroom, living room, dining room location and decorating is giving way to more creative and pleasing uses of the spaces.

BARRINGTON

THAT COUNTRY HOME you've been wanting, plus the five-acre setting that's perfect for farming or horses, awaits you now at a price that won't wreck the family exchequer. A neat and trim ranch, stone-trimmed and nicely landscaped, has 3 bedrooms, 1½ ceramic baths, plenty built-in kitchen, full basement with fireplace, oversize 2-car garage. NEAR THE TOLLWAY! The only one of its kind, nearly new, in the most convenient of locations in our South Countyville, and only \$42,500.

The Country Squire

REALTORS

Hints for the Home

Two "handy" ideas: slip each hand into a plastic sandwich bag before you start to do that messy shoe-polishing job. And if you've lost a soft cotton glove, don't throw away the mate but store a few of your good silver pieces, spoons, forks, etc., one in each glove finger.

You can save 10 to 15 gallons of water on your washing chores each week, just by not waiting or rinsing dishes in running water over an open drain. Turn water on to rinse, then shut it off.

You need not remove lighting fixtures when painting ceilings. Just tie a plastic bag, such as used by dry cleaners to cover your clean garments, snugly around any hanging fixture, globe, chandelier, to keep paint splatters off.

Candles will not smoke and will last longer if you give them a good rubdown with soapuds. All you need to do is roll them in your well-lathered hands, and let dry before lighting. Don't soap the wicks.

Choose Windows Carefully, Avoid Trouble

If you plan to buy or build a home, or remodel your present one, pay special attention to the windows if you would save yourself grief later.

Replacing windows involves great cost and trouble than replacing a furnace or a roof. One of the few operating parts of a house, good windows can provide comfort and convenience for the life of the house.

There are five things a homeowner expects from his windows, according to the Anderson Corp., the world's largest manufacturer of windows. He wants beauty, ventilation, insulation, a view, and low maintenance.

ANDERSEN advises that you carefully select the right type of window for each room in accordance with its size and location and for the specific job to be done. But first, select a quality window.

Since windows make up so much of the wall surface - about 40 per cent of an average home - they play an important part in home insulation and comfort. The best available window insulation is provided by weatherstripped windows with wood sash and insulating glass.

Wood is a natural insulator; and factory - applied weatherstripping efficiently seals out air seepage and drafts. Insulating glass provides two separate panes of glass welded to provide an insulating layer of dry air between.

Insulating glass, available today in most styles of better-grade windows, also reduces maintenance by eliminating the need for changing or painting storm sash and by cutting down on window-cleaning chores.

Anderson says the latest step in the development of low-maintenance windows is a vinyl-clad window that eliminates the need for exterior painting or treatment. These windows, which

feature a preservative-treated wood core in a sheath of rigid vinyl, plus insulating glass as a standard item, are produced by Andersen under a patented process and marketed under the Perma-Shield trade name.

WINDOWS should be located where they allow the freest circulation of air. For example, windows placed in the center of a wall permit better circulation than those in a corner. Also, windows placed in the lower part of a wall will direct air through the room at a level at which occupants usually stand or sit.

If you want a big picture window or a graceful bow or bay in the living room

for an expansive look at the outdoors, flank it with casement, swing or louver windows - all of which open at a 90-degree angle - so you'll have plenty of air as well as light and a view.

If bedrooms, light and air are the primary considerations, but privacy and wall space for furniture are also important, by installing an attractive "ribbon" of operating windows high on the wall, you can have all these advantages.

Kitchens windows pose a special problem, since they are generally placed over the sink or in other hard-to-reach areas. Here, your best bet is a casement style which opens and closes by turning an easy-to-reach rotate-release handle.

Paint Seals, Swelling Cause Sticky Windows

Windows are to look through and to control ventilation. When everything works well, the window is seldom noticed. But now and then it doesn't work well. It sticks or it rattles and makes itself noticed.

A window may stick due to hardened paint or varnish or to swelling.

A paint seal should be broken gently with a chisel, so as not to mar the wood. With the paint carefully scraped away you should sand the spot smooth and then coat it with paraffin or wax.

Often it is easier to spot where the excess paint is with the window open. Start

the window by pounding the sash edge with your fist.

If STERNER measures are required, use a hammer and a block of wood with the block between hammer and sash to absorb the blow.

Try pounding the sash sideways as well, since the sash is narrower than the frame and can be moved slightly from side to side.

Paint may work its way between the sash edge and the inner surface of the groove against which it travels. The only way to remove it is to remove the sash and work on it.

You will have to remove the molding that is really the front edge of the groove. Work carefully to prevent damage. Sometimes you can get at the paint without removing the sash. Use a razor blade or a thin blade knife to scrape it out.

If this doesn't work, undo the sash cord and pull out the window.

WITH THE PAINT removed, rub in paraffin on the raw wood to prevent moisture from soaking in.

Sticking can also be due to swelling. This generally happens in wet weather. Standing and waxing either the sash or the stop will cure the condition. In extreme cases you may have to plane away some wood.

If the sticking is not too severe, wait until dry weather when the window works easily and then rub in paraffin along the grooves.

Windows that rattle can be tightened by removing the molding that forms the stop and resetting it closer to the sash.

If the top and bottom sash are rattling against each other and air is entering, remove the window lock so that the parts fit more tightly.

Thursday, September 7, 1967

HOME BUYER'S GUIDE

Page 9

A window often goes unnoticed until it sticks.

Home Costs Can Add Up

For those who plan to shop for a new house, what happened to a young couple from Merrick, Long Island, is an eye-opener.

They had spotted a \$34,000 model that seemed just right. They began a listing of extras that brought the actual cost of the house to \$41,000. You will note that some of the contractor's allowances are unrealistically low.

The couple discovered they would have to pay extra for:

Connections for dishwasher, washing machine and dryer.

Extra insulation - the contractor gave 1 1/2 inches the code called for 3-inch.

Lighting fixtures - only \$40 allowed for entry ones.

Shingles - these were regular asbestos-cement shingles would be \$60 to \$200 extra.

Electric outlets - only the number shown in model house.

Sliding doors shown in model house were extra.

The floor - \$110 allowance for entire house.

Wallpaper allowance was 50 cents to \$1 per roll.

Fireplace - \$750 - \$900 extra.

Paneling shown in model house was extra.

Some lots for new house had no landscaping.

Model garage came with center post - for \$250 extra.

Grade B tile selected by contractor for dining room, kitchen, den and foyer.

Some contractors give terrazzo shield, gutters and leaders others don't.

In some areas, compounds are lay in others you will need to pay assessment for sewers.

The Long Island couple didn't buy the \$41,000 house. However, their first venture into home buying sharpened their other house shopping. They no longer were babes in the real estate market.

Graceful Accent

An elegant stairway—which brings to mind Southern belles descending to meet their beau—is an undeniably graceful accent to any home.

Modern homeowners can take advantage of this distinctive home feature in a number of stock stairways of ponderosa pine that reflect many architectural details from Colonial to contemporary.

The stairways are available in precision-made, ready-to-assemble units that include rails, balustrades and newel posts. Ponderosa pine is chosen for its smooth, clear, no-knot grain, and it can be painted to blend with the hall decor or stained to enhance its natural beauty.

Affluence

Literally by the millions, families are moving into the higher income brackets.

The Institute of Life Insurance, in its newsletter "The Family Economist," says the number of couples reporting incomes of \$10,000 or more on their joint federal tax returns increased by a million and a half between 1964 and 1966.

Specialists in Barrington. We Live Here Too!

Anyone Can Have A Great Lawn

You can grow a great lawn almost anywhere. Even with poor soil and weeds you can overcome problems and have a beautiful carpet of grass to make your home more attractive.

Clay or sandy soils cause problems. Both can be greatly improved by adding organic matter, such as peat moss or humus. A rotary tiller is excellent to churn peat or humus into the soil.

If you have a eggs lawn with more weeds than grass it may be best to start all over. Fall is the ideal time; nature's natural time to start them. Tillers can be rented but they are a good basic investment from \$49 up for a variety of garden jobs. First, use 2,4-D or 2,4,5-T to kill all weeds.

Then spread 1 to 1½ cubic yards of peat

per 1,000 square feet, more if soil is exceptionally sandy or high clay content. Till or turn over to about 6-8 inches deep.

Since grass roots should go deep, it pays to till fertilizer into the soil. Use a 20-10-10, 10-5-5 or other high nitrogen analysis fertilizer.

Lime is needed to build a good lawn in most areas. Ordinarily about 50 lbs. per 1,000 square feet is desirable.

When you have tilled and graded, you're ready to seed. Your cheapest investment is good quality seed. It will produce the high quality lawn you want for years to come.

Kentucky bluegrass, Marion bluegrass, fine fescue or Highland bluegrass do well. Follow seed package directions to get adequate coverage.

Use salt hay or similar mulch to cover the newly seeded area. Water periodically to get seed germinated well. Hold off mowing until grass is up and doing well.

Easy Brickwork

You don't need a union card to lay this brickwork. Just four tools will fasten a masonry panel to make a room divider, add an accent to a wall, or provide outdoor siding. Composed of crushed brick materials and bonded with Fiberglas, it looks and feels just like real brick, but never needs painting and can be cleaned with a damp cloth.

Drugs

The more you dream, the better you sleep.

That's the word from a sleep consultant to a mattress company. The consultant, Sally Ames, drawing into the latest research on sleep, says the average person spends 24 per cent of his sleeping time dreaming and has about four to six dreams a night. Poor sleepers have fewer dreams and spend a third less dream time than good sleepers.

Foot First

The summer workout children give their feet may be reason for a parental inspection before school starts.

The Podiatry Society of the State of New York cautions that strenuous physical activity may cause a foot disorder and parents should be on the lookout for even the slightest problem. Consult a foot specialist if the disorder is evident. Another reminder: some shoe size changes may be in order, for young feet can grow substantially between June and September.

Guild Lists Program

For as little as \$47.00 and what lady doesn't like a bargain! Subscriptions are available for the 1967-68 Wednesday matinee performance of the Theatre Guild-American Theatre Society's 10-Play Series in Chicago. All over the country the ladies are finding that going to the Wednesday matinee is "a new way to break up the week." It is also a nice way for friends to get together regularly as well as solo.

Three of the brightest musical hits on Broadway, "Mame," "Man of La Mancha," and "Sweet Charity," are scheduled as part of the upcoming series.

"The Homecoming," winner of the Tony and N.Y. Drama Critics' Circle awards as the "Best Broadway Play" of the past season, will also be on the subscription program.

"A WISE summertime would go on forever," sings Bruce Blandwin, 1719 Baudy Ave., Mount Prospect, as he sings Evie Mitchell's painting, "Summertime" on display at the Mount Prospect bank.

Offer Chance To Sing

According to Mrs. Jean Hunsbarger, president of the Northwest Chorale, the group will begin its season of singing at 9:00 a.m. Tuesday, Sept. 12. Refreshments are held at the "Y".

Many programs have already been scheduled and plans are being made for additional appearances, the outstanding Christmas program and a second annual spring concert.

New members are accepted during September and October, and during the year at the discretion of the director.

For anyone who really enjoys singing and wants a variety of music and performance, this is a unique opportunity for recreation, self-expression and just plain fun!

Alan Young To Star In 'The Girl'
Alan Young will star in "The Girl in the Freudian Slip," at Pleasant Run Playhouse, recasting the role played last season in the original Broadway cast. The William F. Brown comedy will be presented at the St. Charles Theatre, October 17 through November 5.

Following the current Pleasant Run Playhouse production, "Generation," with Don DeFore, Julia Morda will star in the comedy, "Third Best Sport," September 26 through October 15.

Horoscope

FOR SATURDAY

VIRGO (Aug. 24 - Sept. 23) - Let this start off the sort of weekend you've been waiting for. A long shot may prove to be a winner!

LIBRA (Sept. 24 - Oct. 23) - A good day for gathering the clan together and joining in some enterprise that can be of benefit to all.

SCORPIO (Oct. 24 - Nov. 23) - A Saturday for business matters - at least during morning hours. Don't let the grass grow under your feet.

SAGITTARIUS (Nov. 23 - Dec. 23) - Become neither alarmed nor unhappy should others not approve of your plans for the day. You can rest your way another day.

CAPRICORN (Dec. 23 - Jan. 20) - Give in on the usual games and you will be setting yourself up for a major defeat later on. Not a day for compromise.

AQUARIUS (Jan. 21 - Feb. 19) - An early start, in spite of a heavy Saturday, should allow you to accomplish all that needs doing a good day.

PISCES (Feb. 20 - Mar. 21) - Don't be upset if you are left to your own devices this Saturday. A day alone can't do you any harm - and may do some good.

ARIES (Mar. 22 - Apr. 20) - This is the time for approaching an old friend with a new idea. Two heads are better than one - and also two pocketbooks.

TAURUS (Apr. 21 - May 21) - Regard personal problems in the light of your Sunday's activities. It may well be that you have brought them on yourself.

GEMINI (May 22 - June 21) - Don't blame others if this day doesn't prove the way you looked forward to. Last week and may have been enough for them.

CANCER (June 22 - July 23) - Don't think that just because you're out to "hate" mother's back, someone else isn't out to settle yours. Seek peace.

LEO (July 24 - Aug. 23) - Business as usual. In spite of Saturday. A good day for getting ahead of the competition through putting in extra hours.

Falcons lack Depth

FV Harrier Picture Cloudy

BY DALE HOFMANN

Forest View High School opens its variety country campaign next week with two returning lettermen and a roster full of question marks.

Coach John Hansen has taken a week - and - so on

as he charges wrap up their fall week of pre-season practice. So far he has not been too impressed with his team.

"WE HAVE a very small squad with only eight boys on the variety roster, and we

don't have much variety experience going for us," Hansen said. "But these boys are working very hard, and I'm long way from giving up."

This year's Falcons offer almost the complete opposite of the variety unit which last year finished third in the Mid-Suburban League standing with a 3-3 record. The 1964 aggregation was led by Ted Lambert, one of the top scorers in the state's history. Lambert, who finished at 123 in the state meet and second in the conference championship race, was far and away the class of last year's squad.

But the lucky star graduated last June, leaving a far more talented team in his wake. The Falcons are not balanced in fact that Hansen couldn't begin to pick his top

runner let alone his top five.

"THE KIDS are shuffling around at the time," Hansen said. "And that's fine with me. They all are running in a tight group which means they are all pushing each other. That can't help but improve them."

Lambert was just one of five lettermen lost from last year's team, and all five of them were running consistently in Forest View's top six. As a result Hansen has had to depend heavily on graduates from last year's frosh-soph team.

Half of the Falcons' night variety hopefuls are juniors, and four of the four seniors is a newcomer. What little variety experience Forest View does have is provided by sophomore Oscar Piqueno and four freshmen, and senior Joe Joyce who ran with the vari-

ety boy failed to finish last season.

PIQUENO was Hansen's third or fourth man when the season began in 1963, while Breaks ran fifth. Joyce rarely appeared in the top five, although he usually was in the top seven.

The other senior is Dave Lightwell, a transfer student who Hansen thinks may move as high as fifth or sixth by mid-season. He is "improving every day," Hansen points out.

Leading the junior contingent are Tom Vaughn and Bob Bell who battled each other for the number one frosh-soph berth most of the time last season. Vaughn has been troubled by asthma occasionally, but he may just have the talent to take him to the front of the pack.

SHAVING STROKES

by Frank Beard

Putting Speed

The most difficult and yet the most important part of putting, other than the stroke itself, is the speed of the putt.

CONSISTENT speed must be maintained to be a successful putter. You never three-putt because you were very far off-line—I think we can all keep it on line pretty well. It

three-putt because you were either too long or too short. Of course there is no better way to maintain the proper speed than practicing on the greens you are to play on. The more you use the greens the more your touch becomes adjusted to their individual speeds.

However, I personally use another idea to help my speed problem. I imagine a foot in diameter, about two feet in diameter, around the hole. I try to make my putt from any distance into this new target area. The greens are more secure feeling with my stroke knowing I have a two-foot wide target rather than a four-inch one.

OF COURSE the speed of a putt will vary with the contour and texture of the green. Always make obviously be made for uphill and downhill slopes. In fact, any slope eventually will affect the speed of a putt and must be accounted for. One other factor that must be considered is the grain in the grass. This will be up or down but it can definitely affect the speed of a putt and adjustments must be made.

Five of the veterans who are expected to carry a great deal of the load for the Falcons are (from left to right) Tom Vaughn, Oscar Piqueno, Joe Joyce, Dave Lightwell, and Bob Bell.

Halftime Show

The Coronets, Arlington Heights' national championship drill team, will entertain fans football fan during the halftime ceremonies at the Northwest Travelers game at Arlington High School tomorrow.

Traveler II Prepares For Air War Tomorrow

Football will fill the air tomorrow night when the Northwest Travelers try to get back on the winning track at the annual Northwest Travelers Rifles at Arlington High School.

Both teams are expected to rely mainly on their aerial attacks in tomorrow's 8 p.m. game, but they will be doing so for different reasons. The Rifles will pass, because that is what they do best. The Travelers, on the other hand, are taking to the air out of necessity.

FOUR of Coach George Kulon's running backs are either questionable or out of the picture for more tomorrow. They include Jerry Bushmaker, Ed Burns, Bob Besche, and Frank Gibbe.

Bartholmer, a starting halfback in the first two games of the season, has been bothered by an ailing back and may not be in uniform for the Rifles game, while fullback Butts has left the team for good. Butts was the T's leading ground game in their opener at Delavan, and that was the only game the local crew has won.

Besche has taken over Butts's role, but he too is bothered with an ankle injury. If he does appear tomorrow, he will not be at full speed. Gibbe, who has been plagued by leg problems since the season began, appears to be in better shape than he has been all year, but Kulon still isn't sure the slim speedster is ready.

NEW NAME NAMES have been mentioned as possible replacements for the wounded runners. Jim Ewart, one of three local boys on the club may get a shot at fullback, and Wayne Stangley, normally a defensive safety, could see some action at fullback.

But the bulk of the Traveler offense will depend on the half-time ceremonies. Some is healthy, but his job also has been complicated by an injury—this one to spin and

running action of halfback Bill Bodie, last year's leading ground game in Central States League warfare.

IT ALL adds up to a rugged assignment for the Travelers, especially in the wake of a 27-16 posting suffered at Manitowish last week. And no one is more aware of that than Kulon.

"We have a big job on our hands. That's all there is to it," the Traveler boss said. "To face we know the Rifles are looking for a soft touch after our performance last week."

But if the boys feel as bad about that game as I did," Kulon went on. "They have looked pretty good in practice this week, and we can hope they turned something at Manitowish."

Complicating the county's crack passing game are the

running action of halfback Bill Bodie, last year's leading ground game in Central States League warfare.
